Limited Edition

Large  
extension  
table  
included

### For the Fashion Enthusiast

#### 2/3/4 thread (1 or 2 needles) with differential feed

- Multiple thread options allow you to easily convert between 2, 3 or 4 thread stitches for professional finishes.

#### Easy one-touch needle threading for two needles

- Easy-to-use in either needle position and easy on eyes and fingers.

#### Two stitch fingers

- Adjust thread tightness for perfectly formed stitches on varying fabric thicknesses.

#### Bright work area

- Dual level, bright LED lighting helps reduce eye strain.

#### Presser foot pressure adjustment dial

- Change settings to accommodate varying fabric thicknesses.

#### Adjustable stitch length 0.8mm to 4.0mm

- Suitable for any type of project and easily adjustable with stitch length dial.

#### Adjustable stitch width 3.0mm to 7.0mm

- Adjustable to provide the perfect stitch width, especially on lightweight fabrics or to create the popular rolled hem on napkins and tablecloths.

#### Color-coded thread guides

- Allows for easy upper and lower looper threading and quick thread changes with all thread types.

#### Up to 1,300 stitches per minute

- Saves time when sewing and completing serged edges.

#### Free-arm serging

- Removable table section makes serging cylindrical pieces quick and easy.

#### Specialty feet included

- Blind stitch foot and gathering foot.

### Overview

The Project Runway Limited Edition 5234PRW is the first serger to be introduced into the Project Runway collection of machines. Add a professional look to your next project with serged seam

finishes. Garment seams lie flatter and look better with an overlock stitch. Plus, home décor projects often suggest the use of a serger for rolled hems, secure seams and differential feed. The included extension

table adds extra space for handling large projects and the free arm makes it easier to sew sleeves, trouser legs and other hard to reach places.

## Basic Features
