

## SERGERS

## Cover Stitch

**Wide variety of cover stitches, from utility to decorative**

- Professionally finish edges with single or dual top-stitching look. Finish interior edges and attach decorative edging at the same time. Create durable strapping for swimsuits and dance garments, chain stitch finish for hems or belt loops.

**Color-coded upper thread dials and looper thread guides**

- Allows for easy threading.

**1-2-3 needle options**

- Utility, flatlock and decorative stitches have even more possibilities with a variety of needle positions.

**Stitch length 2.0mm to 4.0mm**

- Suitable for many types of projects.

**Fast-easy looper threading system**

- Color coded with thread management guides to assure proper thread delivery.

**Slide lever adjustment for differential feed**

- A professional edge finish reduces the wavy or stretch appearance of stitches on fabrics.

**Fully extendable thread guide**

- Numerically coded guides for specialty threads; spool guides and thread nets for serger thread and domestic thread spools.

**Presser foot pressure dial**

- Adjustable dial assures consistent fabric delivery.

**Included operation manual**

## Overview

The 2340CV Cover Stitch is an advanced serger, which allows you to create a wide range of cover stitches on all types and weights of fabric for both decorative and constructive applications. Expand your creativity with the 2340CV's advanced

technology. It features a tri-cover stitch, wide and narrow cover stitches, color-coded threading, easy looper threading, adjustment dials for stitch length, a presser foot dial, snap on feet and differential feed which allows you to alter the speed at which

your fabric is feeding through the machine. With 3 needles and one looper thread, the cover stitch machine creates professional hems, chain stitch and decorative stitching great for making the perfect T-shirt in no time!
