# GrandQuilter

Experience a new dimension  
of quilting!

Take a close look at the GrandQuilter from Pfaff.

At first, you'll see an extraordinary quilting machine with lots of great features.

Look closer and you'll see much more: no other quilting machine on the market sews faster or has a larger sewing area for your projects! These are the kind of features that make all the difference when you are quilting.

**Let your imagination go with the GrandQuilter!**

---

Developed especially  
for quilters' needs.

---

# GrandQuilter

No other machine offers more work area!

*One of the most important features on a quilting machine is a large work area. The GrandQuilter was designed with specific quilting needs in mind.*

## Large working area

Absolutely essential for stitching large quilts or working with thick fabric or heavy materials.

## Large, removable extension table

The generous work surface is perfect for sewing and handling large fabrics and it's ideal for free-motion quilting.

## No other machine sews faster!

*The GrandQuilter sews at an amazing 1,600 stitches per minute – a speed that can't be beaten by any other machine on the market. It's so easy to stitch large quilts and other long pieces of fabric, like draperies and home dec projects.*

### Easily selected sewing speed!

Fast or slow – you pick the speed with the speed control slider.

### Sew quietly and smoothly.

Even at the highest speed, the GrandQuilter guarantees quiet, smooth sewing, without vibrations!

## Perfect seams every time!

No matter what you're sewing, every seam needs to be perfect. Get professional quilting results with every stitch on the GrandQuilter.

### 1 Perfectly adjusted stitches

The automatic stitch control guarantees perfectly adjusted stitches no matter how thick the fabric.

### Perfect presser foot pressure!

Easy adjustment assures the correct foot pressure for every fabric.

### 2 Perfect thread tension!

Stitches will be even and exact on every fabric, thanks to the pre-tension adjustment.

### 3/4 Needle stays in the fabric!

With just the touch of a button, leave the needle in the fabric for pivoting and material handling.

## Special sewing features

The GrandQuilter has more special features to make your quilting a real pleasure.

5

7

### 5 Use the knee lift while your hands guide your project!

You can raise and lower the presser foot with the knee lift, while your hands stay free to guide your project.

### 6 Easy bobbin winding with a separate motor!

A separate motor lets you wind the bobbin while continuing to sew. Winding stops automatically when the bobbin is full.

### 7 Easy thread cutting!

Both the upper and bobbin threads are cut with the touch of a button.

### 8 Easy needle threading!

No more searching for the needle's eye. Let the needle threader do the work and start sewing!

### 9 Easy reverse!

The large reverse lever can be activated with your elbow, leaving your hands free to guide the fabric!

Why should you choose the

# GrandQuilter

from Pfaff as your new quilting machine?

There are so many reasons! Here are just a few:

- Ample room between the needle and the machine body for even the largest quilt;
- The ability to easily move the fabric and cover large areas with wonderful quilt designs;
- Perfect seams because stitches are adjusted according to the fabric;
- Convenient features that leave your hands free for guiding the fabric.

And of course you can always choose a GrandQuilter because you know that Pfaff understands what it means to have a passion for quilting.

## All features at a glance!

### High sewing speed!

Sews at 1,600 stitches per minute – no other quilting machine is faster!  
Wonderful for stitching large quilts and regular long seams.

### Large working area!

225 x 150 mm (9" x 6")!

No other quilting machine has a larger working area to the right of the needle. Absolutely essential for stitching large quilts or working with thick fabric or heavy materials.

### Large, removable extension table, 600 x 400 mm (24" x 16")

The generous work surface is perfect for sewing and handling large fabrics and ideal for free-motion quilting.

### Designed for quilters

The GrandQuilter was specifically designed to meet the special needs of quilters.

### Perfectly adjusted stitches

The automatic stitch control guarantees perfect stitches on every fabric thickness.

### Perfect thread tension!

No matter what type of thread or fabric you are using, the pre-tension adjustment ensures perfect stitches every time.

### Keep your hands on your project – thanks to the knee lift!

Raise and lower the presser foot with the knee lift while working with large pieces of fabric that require handling.

### Needle stays in the fabric!

With just the touch of a button, you can leave the needle in the fabric – perfect for pivoting and handling your quilt.

### Easy thread cutting!

Both the upper and bobbin threads are cut with the touch of a button.

### Sew quietly and smoothly.

Even at the highest speed, the GrandQuilter guarantees quiet, smooth sewing without vibrations!

### Easy bobbin winding with a separate motor!

A separate motor allows you to wind the bobbin while continuing to sew.

### Easily selected sewing speed!

Fast or slow – you pick the right speed with the speed control slider.

### Easy reverse!

The large reverse lever can be activated with your elbow, leaving your hands free to guide the fabric!

### Easy needle threading!

No more searching for the needle's eye. Let the needle threader do the work and start sewing!

### Perfect presser foot pressure!

Easy adjustment guarantees the correct presser foot pressure for every fabric.

### Variable stitch length!

Stitch length can be set for a maximum of 6 mm.
