

## **Pictogram Table Runner Supply List (July & August)**

The project sample is a table runner that may be used as a wall hanging. This project is easily adapted to a throw pillow for that country look in your home.

Prior to class: Press and starch the center fabric. If the fabric is very thin, iron either No Show Mesh or Sheer Magic to the back.

### **Supplies:**

\*USB stick for the machine

\*Designs: we will be constructing, saving, and practicing our designs to learn techniques that demonstrate how the sewing and embroidery side of the machine work together.

\*Husqvarna Viking Designer Diamond or Deluxe, foot pedal, power cord, instruction book, and embroidery sampler book
