8 to 12 Fat Quarters or Half Yard Cuts of Fabric – A suggestion – Batiks work great. This is a good chance to use your fabric stash. You do have the option of repeating colors in the various squares.

Fabric Requirements will be determined by the size blocks you will be using; border requirements and size of quilt you desire. A Fabric and Thread Key Sheet will be sent to you in a separate email for your use in determining colors and fabric purchases. The 8” block quilt is a 45” square and with the border it is a 60” square. The 5” block quilt will be a 27” square and with the border it is a 36” square.

The designs will be emailed to you each month. You will need to print out the instructions each month and bring them to class with you. This is a 10-month quilt project with an optional border. The border designs are sold separately.

You can purchase all of these items from Patty’s.
