

CARPET-BRITE™

Concentrated, Odor and Allergen Destroying Extraction Detergent

Carpet Brite is a powerful, low-foaming, low alkaline cleaner formulated to help allergy sufferers. Professional formula designed for use in truck mount and portable extraction units. It will also increase the performance of any home style carpet machine. A complex formula designed to remove a wide range of soils and stains promoting cleaner, brighter carpets. Special non-fluorescent additives keep carpets looking clean longer. Carpet Brite is used with excellent results in spin bonnet carpet cleaning.

- **Anti-Allergen Formula** - Instantly neutralizes protein allergens Der p1 and Der f1, rendering them permanently harmless. Effective against allergens created by dust mites, cockroaches, pollens, molds, smoke and pet dander. The allergen neutralizer is derived from renewable plants and natural organic compounds it is safe for humans, pets and the environment.
- **Dual Surfactant System** - Contains a unique blend of nonionic and anionic surfactants that produce an unusually high surface activity. This concentrated formula delivers excellent cleaning performance on synthetic as well as natural fibers. Temperature stable formula so there is no decomposition at high temperatures. Users will find it produces superior results in cold or hot water cleaning systems.
- **Built Formula** - Neutralizes acidic soils, and provides enhanced peptizing action. Multiple cleaning passes are no longer needed because large soil particles and protein soils are easily suspended and rinsed away.
- **Solvent Action** - Selected solvents reduce the surface tension of hydrophobic soils such as grease and oil. This means effective cleaning at lower dilutions.
- **pH Balanced** - Just the right blend of builders makes it the ideal choice for safe cleaning of "stain-resist" or new generation carpet fibers.
- **Corrosion Inhibitors** - Protects sensitive machine parts.
- **Anti-Re-Soiling - Special** acrylic polymers eliminate sticky residues. Carpets remain soft to the touch and stay clean longer.
- **Malodor Counteractants** - Presents a cleaner pleasant fragrance for increased customer satisfaction.
- **Versatile** - Use for extraction or spin bonnet cleaning.
- **Convenient Packaging** - Available in cases of 12 quarts, 6 one-half gallons, 4 gallons, 5 gallon pails, 30 and 55 gallon drums.

Technical Data

Appearance	Clear, non-viscous, blue liquid colors
Odor	Fresh pleasing fragrance
pH Concentrate	8.75 +/- 0.25
pH In Use	7.25 +/- 0.25
Solubility	Completely soluble in water
Rinsability	Rinses film free
Flammability	None
Viscosity	<15 Centistokes
Specific Gravity	1.00
Freeze Thaw Stability	Protect from freezing
Shelf Life	Guaranteed one year
