

OLD TIME WOOD WASH™

Hardwood and Hard Surface Laminate Floor Cleaner

Old Time Wood Wash is an innovative, low pH solution designed for effective cleaning of both hardwood and hard surface laminate floors. This formula is especially useful in cleaning floors coated with advanced finish technology. Regular use will preserve the natural beauty of your wood floors by gently removing dirt and grime without leaving any dulling film.

- **Versatile** – Used with excellent results on all non-waxed, clear coated, finished floors such as; polyurethane, “Swedish finish”, moisture cured urethanes, oil modified urethanes, water base urethanes, conversion varnish and acrylic impregnated polymers. Works equally well on hard surface, high-pressure laminated flooring including those manufactured by Wilsonart, Formica, Armstrong, Pergo, and Bruce.
- **pH balanced** – Mild acid formula prevents darkening and graying of light colored woods. Works to preserve and protect the color and luster of natural wood floors.
- **Emulsifying Cleaner** – Quickly yet gently dissolves dulling build-ups of dirt and grime. Wood Wash restores the original sheen and luster of all types of finished wood floors with a deep cleaning action even on excessively dirty floors.
- **Concentrated** – Increases economy and versatility. Dilute with water into a spray bottle to make an economical ready-to-use spray and wipe cleaner for daily cleaning and emergency spill cleanup. Or use in a more concentrated form for deep cleaning and stain removal.
- **Soap Free Formula** – Perfect for daily, residue-free cleaning of all types of finished hardwood and high-pressure laminate floor products. Will not leave any dulling, oily film or finish inhibiting residues. Use Kleenco's Shine Mop for easy fast cleaning without overwetting your floors.
- **Convenient Packaging** - Available in cases of 12 quarts and 4 gallons.

Technical Data

Appearance	Clear, blue, water thin liquid
Odor	Fresh pleasing fragrance
pH Concentrate	3.25 +/- 0.25
pH In Use	3.75 +/- 0.25
Solubility	Completely soluble in water
Rinsability	Rinses film free
Flammability	None
Viscosity	< 15 Centistokes
Specific Gravity	1.00
Freeze Thaw Stability	Protect from freezing
Shelf Life	Guaranteed one year
