# Rental Agreement and Terms

## RENTAL CONTRACT

**Rentals begin with a three-month contract;** non-refundable payment for the initial two months and the remaining portion of the current month is due at the time the contract is signed. After the initial three month agreement the rental continues as a month-to-month contract. You may choose to pay rent on the instrument for up to 24 months and then purchase a new/ like new instrument, or return the instrument at anytime.

## MAINTENANCE

A maintenance plan is included with your rental price. This includes normal wear and tear and minor adjustments\*.

\*Maintenance plan provides coverage for the cost of labor only, and excludes parts or strings. We do not cover damage due to neglect or abuse which is to be determined by our in-house repair technicians.

## PURCHASING YOUR OWN INSTRUMENT
