

PROJECT FOR LUMINAIRE/ SOLARIS OR
DREAM/DESTINY/STELLAIRE/ALTAIRE ETC.
OR 10-NEEDLE WITH DESIGN CENTER

THIS CLASS IS FOR USING THE DECORATIVE FILLS IN YOUR DESIGN CENTER. THIS IS NOT THE NEW UPGRADE ON THE LUMINAIRE/SOLARIS.

Learn to add stippling around objects such as appliqué, embroidery, lettering or objects/prints on your fabric. We will use the **paint brush** and **stamp** features in your Design Center. I will show you how to move your hoop around to each area to achieve an edge-to-edge look.
