December 2023

for the sewist in the know

## ***HELP SANTA OUT WITH A WISH LIST***

The holiday season is fast approaching. It's time to get your wish list together! Every year we have lots of family members who come in looking for the perfect gift for the sewist in their life. We try to help them find a gift we think you'll love, but it would be even easier if you told us what's on your Wish List! Visit us during our Wish List Open House (Saturday, December 9) to fill out your list and we'll have a gift for you! Plus Five fortunate folks will win an item off their wish list! We'll be picking a lucky winner each day December 18-22 and wrapping up a dazzling present from your list (up to \$25).

To get you started, we've got a few ideas we think you'd love to have in your sewing room:

**Quilters Select Rotary Cutter** - This cutter has just a little bit of weight to it making it easier and more ergonomic to cut with. Plus we love that you can just tap to expose or cover the blade.

**Sew Magnetic Cutting System** - Do you have trouble with your ruler slipping when you're cutting? Not anymore! The self healing cutting board has a magnet in it and so does the ruler so the ruler will hold firmly

wherever you place it. Plus there are additional booster magnets for a firm hold or to use with other templates you already have.

**Oliso Mini Iron** - The newest Oliso project iron hits shelves mid-December just in time for

Christmas. This iron is small enough to fit in the palm of your hand but is packed with ironing ability. It features dual steam, auto shut off, a diamond ceramic flow soleplate, and ProLight to illuminate right where you are ironing. It's available in coral, aqua, and a Tula Pink version (available February 2024).

**Steamfast Cordless Iron** -

Don't get tangled up in the cord with your next quilt project! This iron reheats within 7 seconds on the base for 30 seconds of ironing time. Plenty of time to get out wrinkles while enjoying a cord free experience.

**Sew Q Laser** - Finally a laser that fits on ANY machine! You don't need to worry about marking diagonals for half square triangles, just line up the laser and you're ready to go.

**Acorn Easy**

**E-Sprayer** - Does your hand get tired when using a mister bottle? The Acorn Easy E-Sprayer is a rechargeable motorized spray bottle sure to prevent hand fatigue.

**Store Hours:** Monday-Friday: 10am-5:30 pm • Saturday: 10am-4pm • Sunday: Closed

Rae-Bon Sew & Quilt Shop will be closed December 25 and January 1.

3060 25th St SW Fargo, ND • 701-433-7203 • [www.rae-bon.com](http://www.rae-bon.com) • [reddoor@rae-bon.com](mailto:reddoor@rae-bon.com)

**Fabric ID Tape** - Do you find yourself looking at fabric in your stash and wondering: What size is it? Is it prewashed? Where did you get it? Solve that problem with Fabric ID tape. This tape will stick firmly to your fabric, but won't leave any sticky residue.

**Extension Table** - Did you know you can order an extension table to fit any machine? A larger workspace makes it easier to sew accurately and manage the weight as your quilt top gets larger. We stock extension tables for many machines in the shop, but we are also able to order extension tables custom cut for any machine.

### Tutto Luggage

- This luggage is the best on the market. It is meant to handle the weight of our machines with sturdy wheels. The case provides protection to your machine when you travel and it's easy to move around with wheels that swivel 360 degrees. A variety of sizes and prints are available.

**Uno Lamp** - All the lamps by Daylight provide an excellent amount of light to make sewing easier. This particular lamp has been very popular because you can bend it in all directions to shine light right where you need it.

**Bias Tape Maker** - It can be tedious to run fabric through a bias tape maker and managing the iron. The electronic Bias

Tape Maker from Simplicity makes this task SEW much easier. No need to have a separate iron. Just set up the tool and it will automatically pull your fabric through and iron it the perfect size. Multiple bias tape maker tips of various sizes are included.

**Tula Pink Tools**—Are you a Tula Pink fan? Bring a smile to your face every time you use one of her colorful tools. Rae-Bon has a variety of items in stock including a rotary cutter, pack of scissors, two new irons (preorder now for February 2024 delivery), and sew much more.

**A New Machine!** - Rae-Bon Sew & Quilt Shop has SEW many amazing sewing and embroidery machines from the best on the market: Brother, Baby Lock, Pfaff, and Viking. More advanced features always make sewing easier and more fun. We'd love to help you find the right next step for you. Or expand your abilities with the Brother ScanNCut (digital cutter), Brother PrintModa (fabric printer), Baby Lock Serger, or Baby Lock Long Arm.

**Sewing Room Furniture** - Did you know Rae-Bon Sew & Quilt Shop carries furniture by Koala, Tailormade, Horn, and Arrow? Pieces are designed for maximum storage and to allow your sewing machine to sit flush with the top surface for maximum sewing space. Come check out the options and order the perfect style and size for your room.
