October 2023

for the sewist in the know

## ***CRUSH YOUR UFOs***

We all have a number of UFOs (Unfinished Objects) laying around our sewing room. Maybe all the blocks are sewn but you just can't find the motivation to add the sashing. Or maybe you picked out all the fabrics and found just the right pattern but you just can't seem to make the first cut. And then there's those mystery projects that have been in the tote so long you have no idea how much work is left to finish them - it might be a pleasant surprise or it might be a ton of work - who knows.

The UFO Crusher Club is here to help you finish those projects! There's satisfaction in finishing the project, but for a little extra motivation, we'll have prizes each month. Each month we'll draw a number. You'll have until the next club meeting to complete that particular project from your list. Completed projects must be brought in during the next club meeting for show and tell or posted in the Facebook group (Rae-Bon Sewists) to be eligible for prizes.

### **Let's talk Prizes!**

- Everyone who turns in a completed project will be eligible for our monthly prize drawing. Or maybe everyone will get a prize - it will vary by month.
- Every completed project also gets you an entry into the grand prize valued at over \$250.
- There will be a special prize for people who complete all 12 projects.

### **Do I need to come in the shop? Can't I just participate online?**

The UFO Crushers Club is also a social gathering. Each month, you can stop in the shop to visit with your fellow quilters and see what they're working on. Or maybe you want a little advice on how to finish your project or what fabric you should add. They'll be a room full of other quilters to offer their opinions!

Plus if you need a little extra motivator to make the trip into the shop, we'll have special sales just during the club meeting. Things we know you'll need to finish those projects!

### **Oh No! I can't possibly complete the selected project this month. Do I have any options?**

You joined this club for a push and deadline to complete your projects. But we know life happens and we want you to feel good about your progress. So we will allow one swap & one substitution during the year. Let us know of the change when you turn in your completed project and will notate you used your swap or substitution.

**Store Hours:** Monday-Friday: 10am-5:30 pm • Saturday: 10am-4pm • Sunday: Closed  
3060 25th St SW Fargo, ND • 701-433-7203 • [www.rae-bon.com](http://www.rae-bon.com) • [reddoor@rae-bon.com](mailto:reddoor@rae-bon.com)

- Swap - We drew #6, but you really need to get project #2 done this month. Swap the numbers of two projects.
- Substitution - #5 was your stretch project and there is just no way you can get it done this month. Pick a project from your stash that was not on your original list. The original project will no longer be on your list.

### This sounds great! How do I sign up?

To sign up, pay your \$50 membership fee (that's a low price of about \$4 per month) and turn in your list of 12 projects you plan to finish this

year. The membership fee can also be paid online and the list emailed to [reddoor@rae-bon.com](mailto:reddoor@rae-bon.com). Projects can include embroidery, quilting, bag sewing, knitting, etc. Keep in mind you will have roughly 30 days to complete the project once the number has been drawn, so be realistic. To encourage you to pick one project that might be a wee bit too big for a 30 day challenge, we will remove number 1 from the first two draws.

We encourage you to finish all projects in their entirety (even binding). But we know some of you prefer to quilt by check, so for those projects larger than 36" x 36" a completed top will count as a finished project.

## SewTites Magnetic Cutting System

Do you struggle with your ruler slipping while cutting?

Or would you like a way to cut out patterns without pins?

**The SewTites Magnetic Cutting System is just what you need!**

### About the Mat

The mat is a 20" x 24" double-sided, 7-layer self-healing magnetic cutting mat – one side is dark grey with white lines, while the other is light grey with black lines. Choose the side you feel will help you see things the best, depending upon the color of your material.

### About the Ruler

The magnetic ruler is a 6.5" x 24" acrylic ruler with turquoise and black imprints – the 1/2 inch numbers are in turquoise boxes, and the 1 inch numbers are in black boxes. Additionally, there are 1/8 inch and 1/4 inch markings, as well as 30°, 45°, and 60° guides on it. The ruler can be used right-side-up for whole-inch cuts, or flip it around 180° for work needing half-inch cuts. The magnets in the ruler are strong enough that your project doesn't slip, and light enough that the ruler also easily shifts where you want it to. Beveled edges on the short ends make it easy to pick up and move the ruler. With the Sew Magnetic ruler, you don't have to push down very hard to hold everything in place – so it's a more ergonomic way to cut than ever before!

### About the Boosters

If you're ever cutting very thick materials – pre-quilted pieces, foams, Cuddle, leather, cork, or other materials where the magnetic ruler isn't quite strong enough to hold, then that's where the included 12 cylindrical magnets – SewTites® Boosters™ – come into play. They're designed to snap onto the magnets in the ruler to strengthen its hold. Now, you can easily cut all the materials – from thick to stretchy to slippery — without shifting or distorting. You can also use the Boosters – or any other SewTites magnets – to hold down paper garment patterns, acrylic templates, and whatever else you can think of without pins.

The SewTites Magnetic Cutting System includes:

- 20" x 24" double-sided, 7-layer self-healing magnetic cutting mat
- 6.5" x 24" magnetic acrylic ruler
- 12 SewTites® Booster™ magnets

# CLASSES

## LEARN TO SEW

Sign Up

Friday, October 6, 13, & 20

1:00 - 4:00 pm or 6:00 - 9:00 pm

Learn beginner sewing skills including how to use a sewing machine, fabric selection, and making three useful projects during this three session class.

**Class 1:** During the first class you'll meet the Baby Lock Brilliant Sewing Machine and learn all about how a basic sewing machine works: threading, winding a bobbin, selecting your stitch and more. Jump into your first project by stitching up a pillowcase to take home at the end of the first class. We'll help you select fabric and you'll learn to use a rotary cutter, mat, and ruler for perfectly straight cuts.

**Class 2:** You'll learn to sew a tote bag with interior pockets. While making the tote you'll learn how to install handles, boxing bag corners, topstitching, and more.

**Class 3:** For the final class, we'll tackle one of everyone's biggest fears . . . zippers! But no need to be afraid, thanks to our tips you'll be ready to sew zippers in everything. You'll leave class with a lined zipper bag.

The \$75 class fee includes nine hours of instruction time, three printed patterns, and use of the Baby Lock Brilliant Sewing Machine. You will also need to purchase fabric and supplies during each class. To give you an idea additional supplies for class will cost approximately \$50. Your cost will vary based on fabrics selected.

## BEGINNING QUILTING

Sign Up

Monday, September 25, October 2, 9, & 23

6:00 - 9:00 pm

Or Thursday, October 26, November 2, 9, & 16

2:00 - 5:00 pm or 6:00 - 9:00 pm

Do you want to learn to quilt or improve your skills? This is the class for you; no quilting experience needed. However you do need to be comfortable with basic operation of your sewing machine including winding a bobbin, threading your machine, and sewing a straight line. At the end of the four sessions, you will have learned the basic skills of quilt making while making a table topper. We want to make sure your quilt is completed at the end of the four sessions, so there will be homework each week.

**Class 1:** We'll be discussing tools and selecting fabrics. You'll also learn the basics of using a rotary cutter, mat, and ruler to cut your fabric.

**Class 2:** You'll need to bring your sewing machine to this class. We'll discuss sewing with an accurate 1/4" seam and start piecing your blocks.

**Class 3:** It's your first quilt so your blocks may not have turned out exactly the right size. It's okay! Diane will help you square up your blocks and determine how to cut your background so everything fits together. We'll also discuss various ways to quilt your table topper and you'll get started quilting.

**Class 4:** This week you'll finish up the quilting and learn how to finish off the edges with binding.

The \$99 class fee includes 12 hours of instruction. The book, *New Patchwork and Quilting Basics* is needed for class (\$24.95). This book is a great resource for quilting basics and includes many great project patterns. You will need to bring your own sewing machine to class starting with the second week or rent one of ours (\$25 per session). During the first session, we'll discuss the tools needed for quilting and help you select fabric. On average students spend \$50-\$150 on fabric and additional supplies.

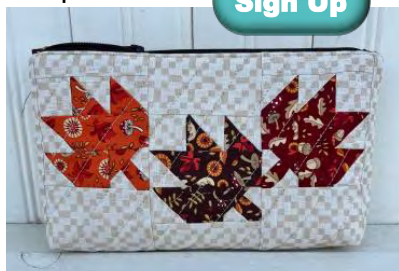

## AUTUMN BREEZE POUCH

Take the time to learn about your machine and how to properly care for it. In class, you'll take the machine apart and learn when, where, and how to oil and grease your machine to keep it in tip top running order. Once it's all put back together, you'll test it out while completing a small sewing project. The \$80 class fee includes oil, grease, and a brush for cleaning. Fabric for the small project will also be provided, but you should bring a neutral thread.

### Coming in November TOOLS OF THE TRADE

Wednesday, November 1  
10:00 am - 5:00 pm

We've had sew many requests for a Tools of the Trade class. This ByAnnie's bag is so useful for carrying your rulers, mats, and supplies to classes and retreats. It's a big project though and hard to pack into a one day class, so you will have some prep work to do ahead of time (that's why we're telling you about the class now, so you'll have lots of time for prep!). We find most people have questions about assembly and working with zippers, so that's what we'll cover in class. Your fabric will all need to be quilted and pieces cut out ahead of time to be ready for assembly. If you have any questions on these steps,

you can always stop in the shop for guidance. We likely won't finish your bag in class, but you'll have a really good start and be all set to finish it at home. The class fee is \$50 plus supplies.

## **YOUTH SEWING: CANDY CORN PILLOW (AGES 8-15)**

Saturday, October 21  
10:00 am - 12:45 pm  
or 1:15 - 4:00 pm

No sewing experience needed! Learn to sew while making a candy corn pillow. You'll also get to play with a bit of decorative stitches to add some detailing. Class is limited to the first 6 students. The class fee of \$30 includes all project supplies and use of a sewing machine.

Advanced Youth Sewing is our invitation only class for students who have a good handle on the basics and are ready to tackle a more involved project. You'll create the project from start to finish, selecting your own fabrics, cutting, and sewing while learning new skills along the way. In order to do a more involved project, you will need a little more time than a one session class allows. Our first Advanced Youth Sewing class will be three sessions and you'll be making the Braveheart Backpack by Quilt Cadet. The class fee of \$150 includes the pattern, all supplies needed, use of a sewing machine, and three sessions of instructions. It is very important that students are able to attend all three sessions so they do not fall behind. Makeup session will not be available.

## **ADVANCED YOUTH SEWING: BRAVEHEART BACKPACK (AGES 8-15 BY INVITATION)**

Saturday, October 7, November 4, & December 2

## **Machine Rental Available for Classes**

The Baby Lock Brilliant is available to rent during instructor led classes. A limited number of machines are available on a first come first serve basis. We recommend reserving a machine when you sign up for class. Rental is not available during Open Sew.

The Baby Lock Brilliant is a wonderful sewing machine with some great bells and whistles. It features 190 stitches, thread cutter, needle threader, and speed control. A variety of feet are included with the machine: walking foot, nonstick foot, 1/4" guide foot, zipper foot, and more (14 total feet).

The rental fee is \$25 per session\* and includes use of the machine and 14 snap on feet. In order to not take away from class time for yourself or other students, you must arrive 30 minutes before class starts to sign a rental contract and inventory the machine accessories. A staff member will also provide an overview on use of the machine at that time. At the end of class, a staff member will again complete an inventory with you. You are responsible for any missing accessories or damage to the machine. In order to ensure the machines stay in good working order, thread must be purchased from Rae-Bon Sew & Quilt Shop.

\*If you decide to purchase the machine at the end of class, your rental fee can be applied to the purchase

# FABRIC PRINTING

Rae-Bon Sew & Quilt Shop prints quilt labels and images for you right on cotton fabric. Rich colored printing is available utilizing Brother's PrintModa. The quilting cotton is treated to allow the fabric to absorb the ink. Simply remove the plastic carrier sheet, heat set the color with your iron, and the fabric is ready to utilize. For even better color longevity, treat the fabric with Retayne before using in a project. The fabric is machine washable and dry cleanable. Although like most fabrics, the color may fade with repeated washings.

## Photos or Images

Email your high-resolution photo or image (JPG or PNG) with the subject line "digital prints" to [reddoor@rae-bon.com](mailto:reddoor@rae-bon.com) and include your name and phone number. We cannot print copyrighted images or artwork that does not belong to you. The maximum fabric size is 11.6" wide x 5 yards. Please include the size you would like your image printed as well as how much fabric you would like to remain around the image. For example you may want a 5" x 7" photo on a 11" square of fabric.

Printed images are \$1 per inch of length. For example, if your photo is 5" x 7" the total cost would be \$5. Two 5" x 7" photos would be \$7 (we can print two 5" x 7" photos side by side on the width of fabric)

## Quilt Labels

Select from one of 12 label choices and sizes. The price is \$12 per label set. The number of labels varies with the size and label type selected. Label size and quantity per set can be viewed on our website or by stopping in the shop.
