March 2019

for the sewist in the know

MAKE YOURSELF AT HOME

Kimberbell's all-new decorative quilt features all of the details that makes a house a home. The quilt is available as both embroidery designs and a sewing version. Blocks include a cozy couch, sofa, loveseat, floor lamps, chenille potted plants, and sweet sentiments.

In the embroidery version, you'll learn fun embroidery techniques with more than 20 embroidered blocks.

There are eight different houses from an apartment building, a two-story in the suburbs, grandpa and grandma's farmhouse, and even a retro RV.

Traditional quilt blocks include pinwheels, a large windmill star, flying geese, plus stars to frame the embroidered sentiment blocks. These blocks can be

pieced or done in the embroidery hoop.

The details are what really set this quilt apart. There are polka-dot glitter lamp shades with fringe borders, chenille succulent stems, and ribbon flowers. The couch cushions are dimensional! with the use of Soft n Stable. Mylar and vinyl brighten the lampposts and house windows. Use twine for the lamp pulls and to string the quilted pennants

together. Sew the darling adornments too like the miniature quilt and bench pillows you'll find in the companion embellishment kit.

The finished size of the quilt is 44 x 60". The fabric has all come in and kits will be available soon. We also hope to have the store sample done soon so you can see all the fun details in person.

COMING IN APRIL

GARMENT CLASSES

Over the course of three classes, Suzanne Spiese's will help you create the perfect fit when sewing a garment. Each student can select a pattern from the selection of garment patterns in the shop. Build your confidence in garment sewing while you can construct an expertly fitted garment!

Suzanne Spiese holds degrees in Clothing and Textiles, as well as Education from NDSU. She specializes in garment sewing, altering and costume design and construction. She has taught sewing classes in garments construction and quilting for with various groups including 4-H clubs and quilt shops in

southeast ND. She is the costume designer for the Fargo Moorhead Ballet, a title she has held for the past 7 years. She is a professional tutu maker and has opened a new business, SJS Design Studio which specializes in professional tutus and stagewear. One of her passions is making well fitted garments and costumes for her clients and she is excited to share her knowledge of fit and garment construction with her sewing students.

Class fee is \$75 for three sessions. Class will meet April 10, April 17, and April 24 from 1-4 pm.

NEW OWNERS CLASS

No charge for machines purchased at Rae-Bon; \$50.00 for others. Bring your machine, accessory feet, foot control, power cord, spool of thread, and bobbin.

New Owners Classes are by appointment. Please call the shop at 433-7203 to register.

BOOK CLUB

where quilting books come to life

Each month at Book Club, we'll discuss a new quilting book. Share any new tips you learned, what you liked about the book, and what you didn't. We also invite everyone to bring a project they made from the book. Everyone at Book Club will be able to vote on their favorite project. The winner will receive next month's book club selection for free. If the winning project was made using current Rae-Bon fabric, it will be kitted and sold at Rae-Bon with the creator's name on the kit!

FEBRUARY'S BOOK SELECTION: FAST & FUN 3 YARD QUILTS by Donna Robertson

Eight great quilt designs that are fast and Fun! Grab three coordinating fabrics, 1 yard of each, to make a quilt that is approximately 44" x 60" (a lap size quilt). The patterns in this book are simple and only require straight cutting and stitching, but make beautiful quilts! Great for a beginner. If you want a larger quilt, this new book tells you the secrets to making each pattern into a twin or queen/king size quilt, or size down to a runner as Joy, our February winner, did. As the title says these quilts are fast and fun to make. We have various kits available in the shop where we've already selected three coordinating fabrics for you!

TUCKER UNIVERSITY

Tucker University is a new and exciting opportunity to help quilters build their skills and accuracy. Deb Spraggins of Looney Bin Quilting, a Tucker University trained instructor will be teach these information packed classes. Each class covers a different Studio 180 Design tool along with ways to expand the use of the tool. Students will make 4" finished units so that they can combine and create new blocks. The creativity is contagious!

- Classes consist of hands on teaching and tricks for each tool.
- Each class you will receive a design sheet and Black Line Master for design ideas to use at home.
- Technique sheets for additional technique options for each tool
- Free videos with additional help for every tool and technique
- At the end of each class, you will have the opportunity to make two 12" blocks using your Black Line Master sheet to add to a mystery quilt.

The first class, meeting in March, will cover the Tucker Trimmer Tool. You'll learn how to use the Tucker Trimmer I to create half square triangles, quarter square triangles, and combination units. With the Tucker Trimmer I alone, a quilter has 33 opportunities to create precise units. These units are often what we refer to as basic units, therefore they must be precise to fit nicely with more advanced units. You will learn how to expand the use of your Tucker Trimmer I by creating a Shaded Four Patch unit.
