

HANGING GARDENS

Friday, September 11 - Saturday, September 12, 2026

In this class, we will make the Hanging Gardens quilt. Brandy has the pattern in stock. You can cut your own yardage or use Jelly Rolls. You will need the following:

Hanging Gardens quilt pattern

Sewing machine needles – Quilting 75/11 or Microtex 80/12

Pins

Sewing thread – to match your fabric

The throw size is 78" x 78", the twin is 78" x 97 ½" and the queen is 97 ½" x 97 ½". However, if you are making a baby blanket or shower curtain (yes, I am) I have adapted the quilt to a smaller size. It can be approximately 63" square, give or take a few inches, depending on border sizes.

In class, we will talk about making the quilt totally scrappy (as shown on the pattern), controlled scrappy, or totally controlled. Because of this, do not cut anything out ahead of time.
