

Basket Weave in red/white/blue

60" x 80"

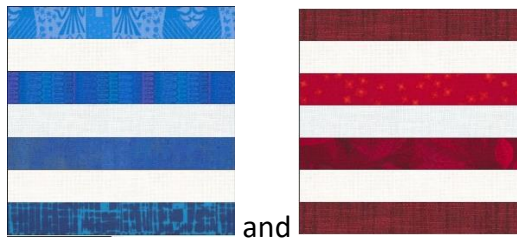

To make the quilt pictured:

You need:

- 1-3/4 yards various reds
- 2-78/ yards white
- 2-1/2 yards blue (includes binding)

Note: This quilt consists of 1 block. It is a 7-rail, rail fence block and will finish as a block at 7"x7" in the quilt. It looks like this: Half will be in red and half in blue

Cut:

For each rail fence block you need 4 colorful strips and 3 white strips, cut 1.5"x7.5".

For all of these blocks – cut this many:

From white:

- 312 – 1.5"x7.5"

From red:

- 192 – 1.5"x7.5"

From blues:

- 224 – 1.5"x7.5"

Construct blocks:

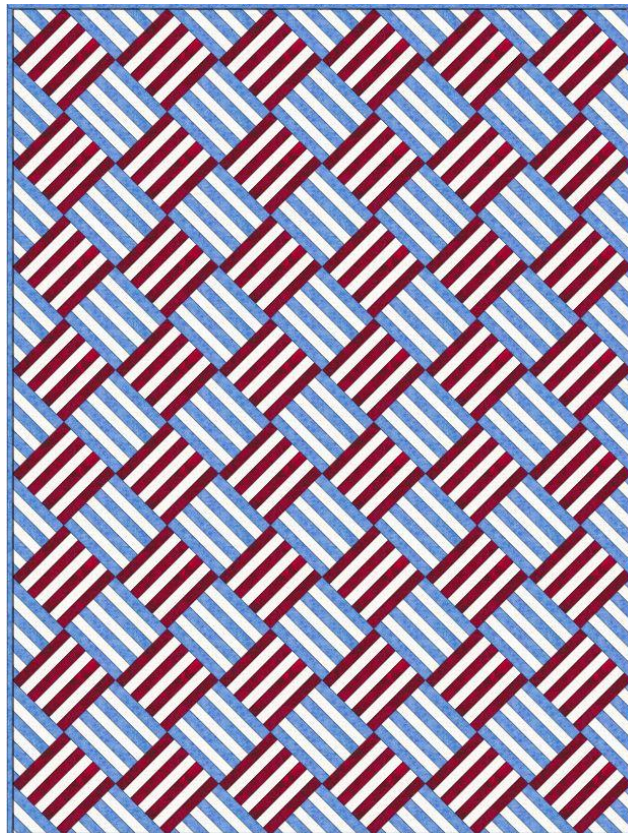

For this quilt you will need 48 red/white blocks and 56 blue/white blocks.

How to make this quilt:

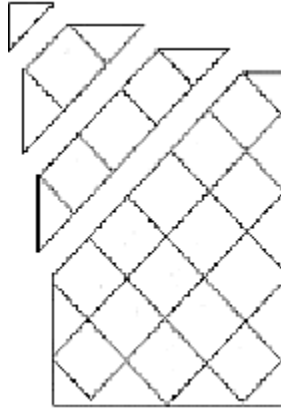

1. **Construct your blocks as shown** Sew each strip to the one above until your block is complete: Make 48 red/white and 56 blue/white.

2. **Lay out completed blocks according to this diagram:**

3. **Sew together in rows.** Make sure you alternate directions of the rails for the basket weave effect. Use this diagram to show you how to sew together “on point” in rows:

Here is a good article about setting triangles and putting blocks on point.

http://www.mccallsquilting.com/content_downloads/Setting_Blocks_On_Point.pdf

After you sew the blocks together, trim the edges. The photos are at the end of the pattern.

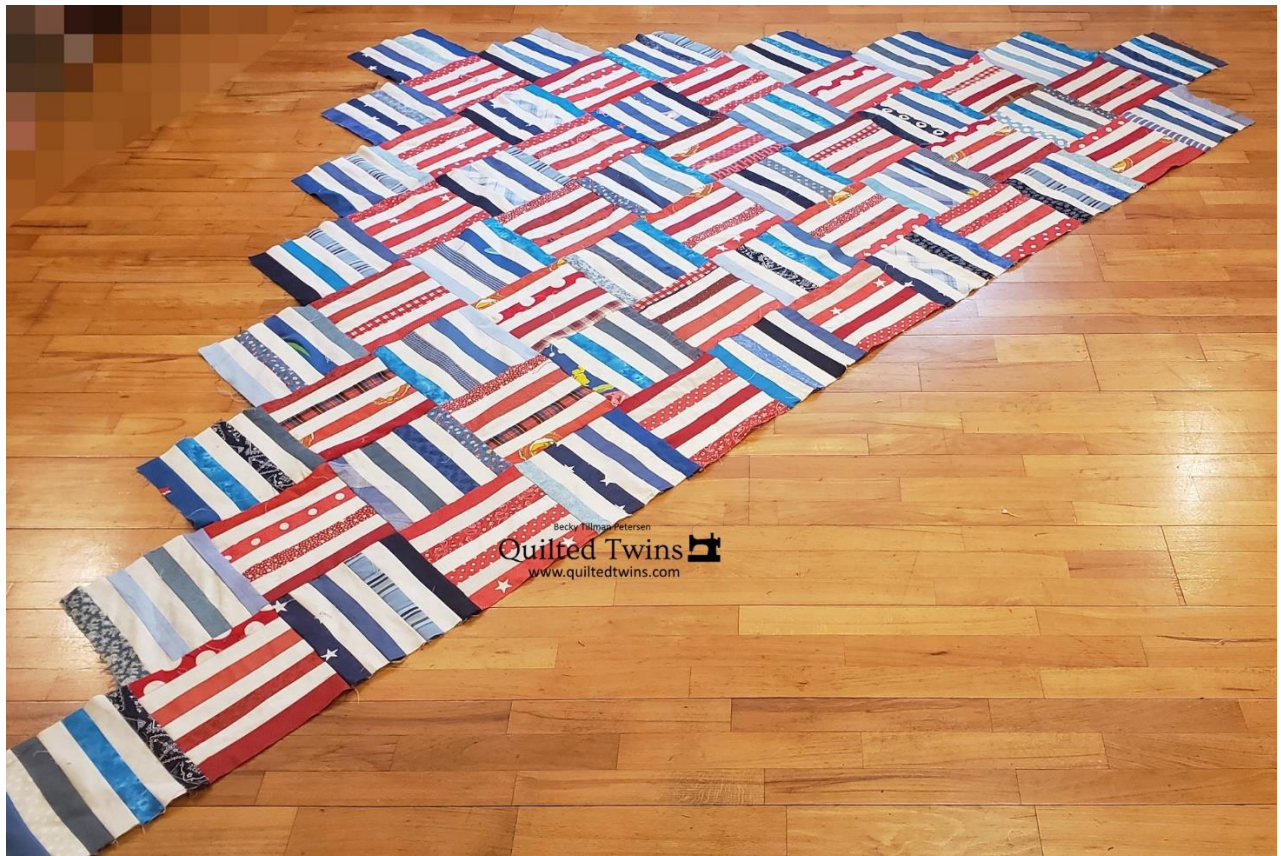

4. **Press well.**
5. **Sandwich**, using whatever type of batting and backing you prefer
6. **Quilt** as desired.
7. **Bind**, using whatever method you wish.

Congratulations!

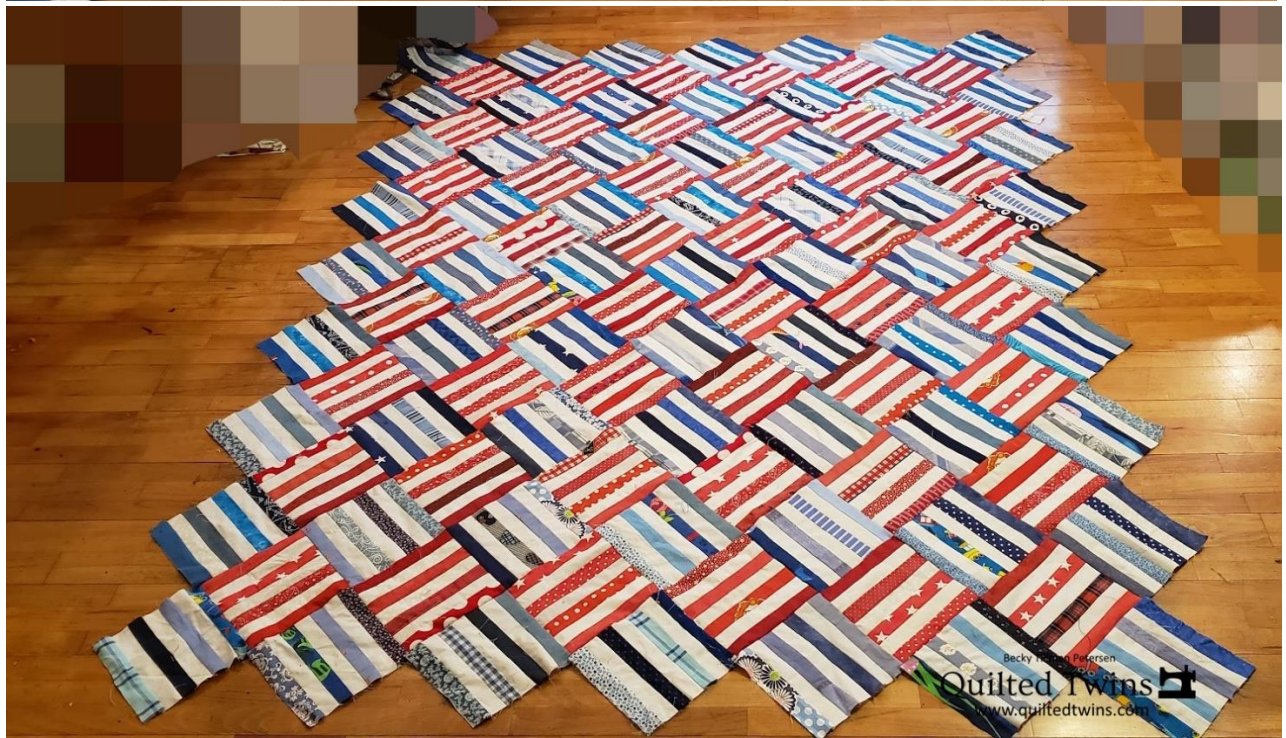

Your quilt is finished! Enjoy!
