

“Fancy Rails”

66" x 82"

To make the quilt pictured:

You need:

- 2-1/4 yards of white
- ½ yard orange blender for cornerstones
- 1-1/4 yards pink blender for cornerstones and binding
- (1) 2.5" strips roll (commonly known as a *Jelly Roll*) bright pink and oranges – Kaffe Fassett/Free Spirit

This quilt is made up entirely of a single 6.5" rail fence block like this: (plus sashing/cornerstones)

Note: Use $\frac{1}{4}$ " seams throughout.

Cut:

From each of the 40 strips in the 2.5" colorful strips roll:

- 6 – $2\frac{1}{2}$ " x $6\frac{1}{2}$ " rectangles (total – 240)

From white:

- Cut 12 strips $6\frac{1}{2}$ "xWOF*. Then subcut each strip into $2\frac{1}{2}$ " x $6\frac{1}{2}$ " pieces for a total of 178 ($2\frac{1}{2}$ " x $6\frac{1}{2}$ ")

From pink blender:

- Cut 4 strips $2\frac{1}{2}$ "xWOF. Then subcut each strip into $2\frac{1}{2}$ " squares. You need 49.

From orange blender:

- Cut 4 strips $2\frac{1}{2}$ "xWOF. Then subcut each strip into $2\frac{1}{2}$ " squares. You need 50.

Binding will be cut as needed and to width desired. You have enough fabric to use 2.5" width as binding (of the pink blender).

*WOF = width of fabric

How to Construct blocks:

Main Block:

Mixing your strips up, sew (3) $2\frac{1}{2}$ " x $6\frac{1}{2}$ " strips together. Trim to $6\frac{1}{2}$ "x $6\frac{1}{2}$ ".

Make 80. *Each block needs to be $6\frac{1}{2}$ " square.* Please do not skip trimming to size. (Written from experience!)

How to put together this quilt:

1. Make blocks as described above.

- **Using this diagram, make rows:**
- Sew blocks together into 10 rows of 8 blocks. Between each block, put a white $2\frac{1}{2}$ " x $6\frac{1}{2}$ " sashing strip as shown. Alternate direction of blocks 90 degrees. As shown:

2. Make rows of cornerstones/sashings as shown:

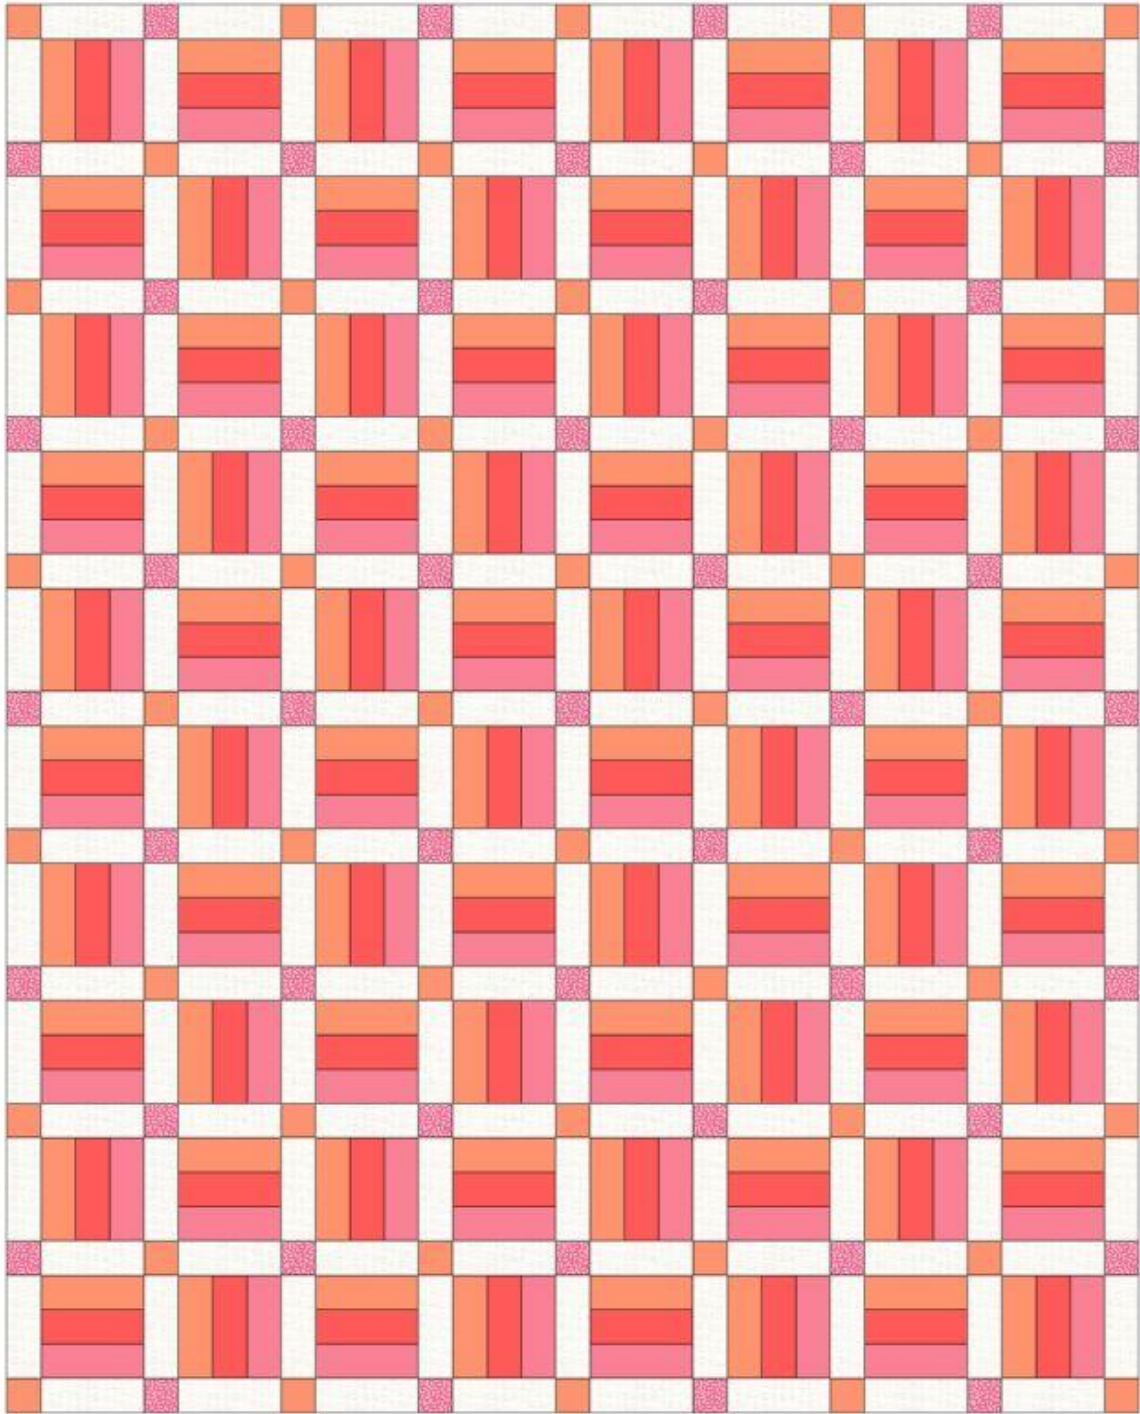

- Make 5 rows with pink as the first and last cornerstones

- Make 6 rows with orange as the first and last cornerstones

3. **Sew together** the whole top alternating rows of blocks and rows of cornerstones/sashings. Use diagram below being sure to alternate rows with the cornerstone blocks AND the direction of the blocks. I showed the blocks using solids so you could see the direction of the blocks more easily. Press toward the colorful and away from the white.

4. **Sandwich**, using whatever type of batting and backing you prefer.
5. **Quilt** as desired.
6. **Bind**, using whatever method you wish.

Congratulations! Your quilt is finished! Enjoy!
