

Granny Squared

102"x102"

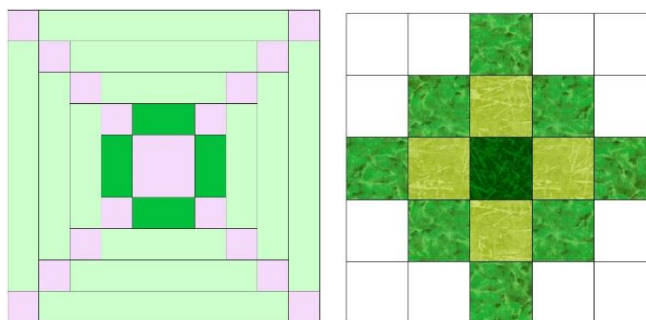

To make the quilt pictured:

You need:

- 3 yards of pink for the side setting half square triangles
- 4 ½ yards of white for all the backing and sashings
- 3 ¼ yards of light green for the chain block
- 2 ¼ yards of various green scraps for the granny square blocks

Note: this quilt is made up of 2 different 10" finished in the blocks which look like this:

Cut:

For block 1 (the chain block) (need 36 blocks – total numbers needed in parenthesis)

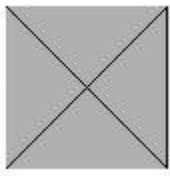

- From light green:
4 - 1.5" x 4.5" (144)
4 - 1.5" x 6.5" (144)
4 - 1.5" x 8.5" (144)
- From pink:
16 - 1.5" squares (576)
1 - 2.5" square (36)
- From grass green:
4 - 1.5" x 2.5" (144)

For block 2 (the granny square block) (need 25 blocks – total numbers needed in parenthesis)

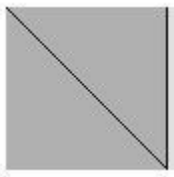

- From green scraps–
In groups of 1, 4, and 8 – 2.5" squares (325 squares)
- From white/cream –
12 - 2.5" squares (300)

For sashings/cornerstones/side setting triangles:

- From white:
144 - 2.5" x 10.5" pieces
- From pink:
84 - 2.5" squares
5 - 15 ½" squares which would then be cut diagonally 2x as shown which = 20 hst (half square triangle)
pieces for the side setting triangles

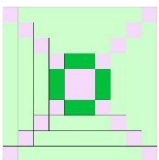

2 - 8" squares cut once diagonally for the corner setting triangles. This makes 4 small hst

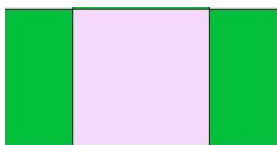

Construct blocks:

Block 1:

Using the pieces you have previously cut, construct your block as follows:

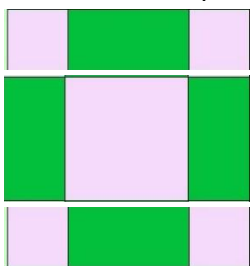

1. Add the green 1.5"x2.5" green strips to the pink 2.5" square as shown:

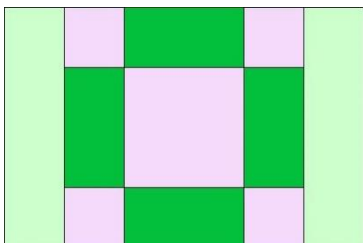

2. Sew 2 pink 1.5" squares to a green 1.5"x 3.5" rectangle as shown. Make 2:

3. Add these two pieces to the top and bottom of your center:

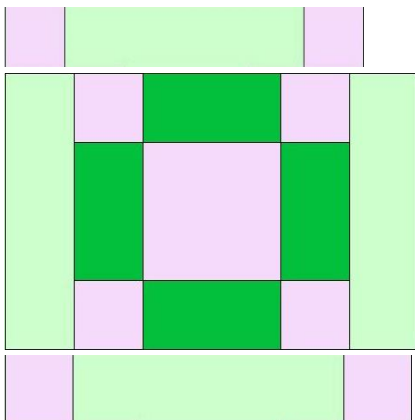

4. Now add a light green 1.5"x4.5" strip to the sides of this center as shown:

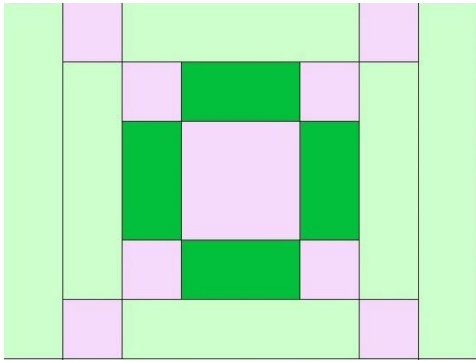

5. Add a pink 1.5" square to each end of a light green 1.5"x4.5" strip as shown: Make two:

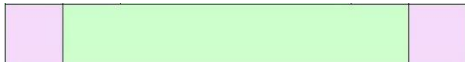

6. Add these two the top and bottom of the previously made center as shown:

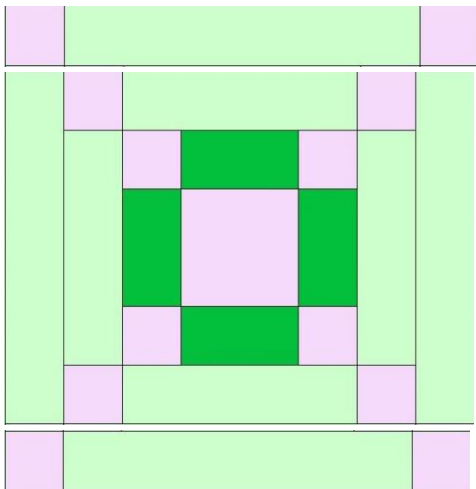

7. Add 2 light green strips 1.5"x6.5" to the sides of the center made so far:

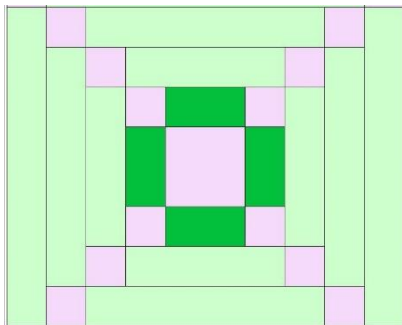

Using the same methods as before, make strips such as shown using 2 pink 1.5" squares and a 1.5"x6.5" square:

8. Add these two strips to the top and bottom of the block so far:

9. Add two 1.5"x8.5" light green strips to the sides of the square so far:

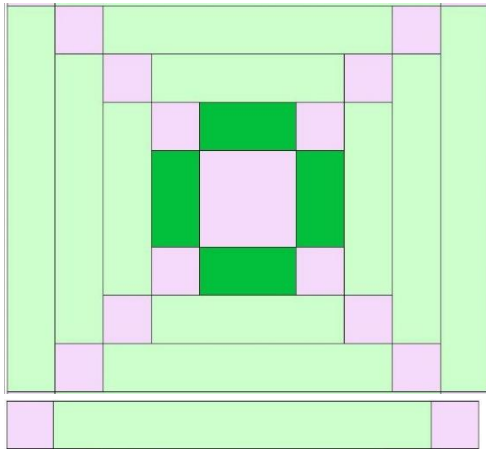

10. Now make 2 more strips like this using 2 – 1.5" pink squares to a lt. green 1.5"x8.5" strip.

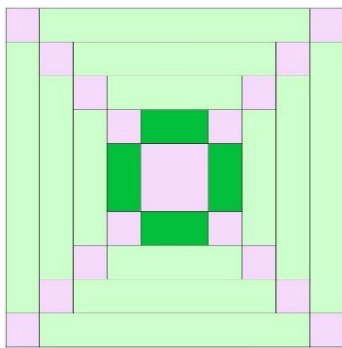

11. Add these two strips to the center of the block:

The block looks like this:

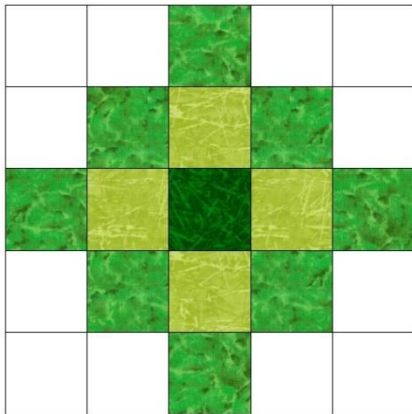

it is now 10.5" square.

Make 36.

Block 2:

Granny Square block.

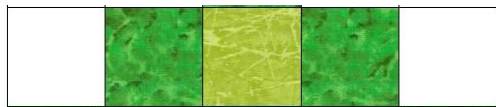

Using this layout, make a square using this design. Lay the squares out in rows and then sew together in rows and sew the rows together. I pressed the seams all one direction. When sewing together, nest the seams.

Like this:

+

+

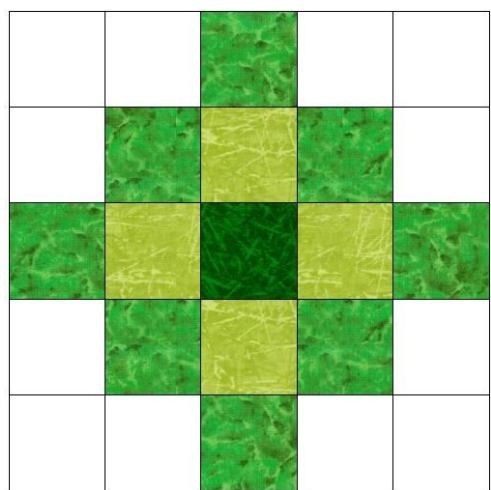

+

+

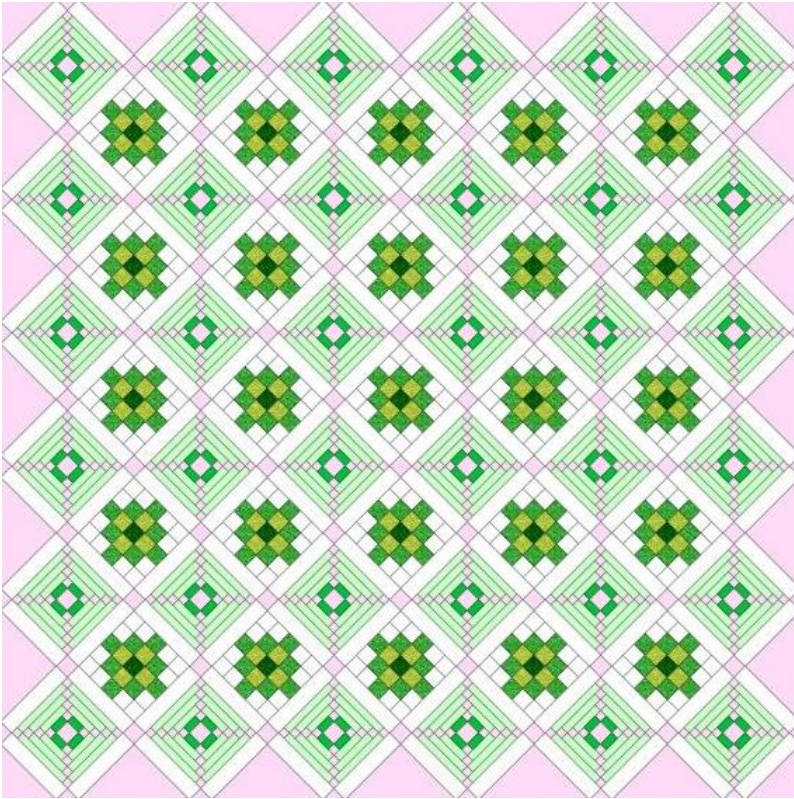

=

I made all of mine different. The block is 10.5"x10.5".
Make 25.

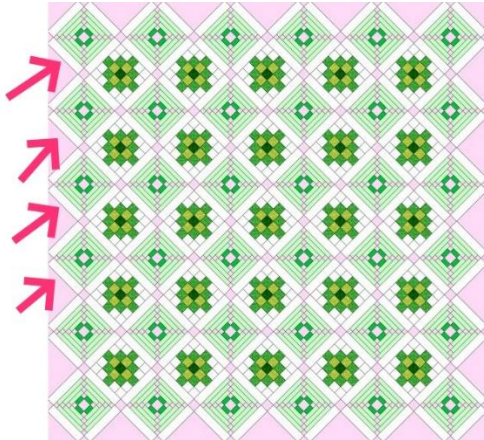

How to put together this quilt:

1. **Sew together in rows.** Use the layout as shown:

This will be put together in rows as I showed with arrows:

The rows that go between the blocks are made of sashings and cornerstones: Put together the rows as shown: I will put pictures at the end of the pattern as to how I put together this top.

3. **Press well.**
4. **Sandwich**, using whatever type of batting and backing you prefer.
5. **Quilt** as desired.
6. **Bind**, using whatever method you wish.

Congratulations! Your quilt is finished! Enjoy!

How I laid out the top and sewed it together:

Once I got the whole top together, I quilted it as this finished and ended up trimming it before binding.
