

Scrap Filled Stars

60"x79"

To make the quilt pictured:

You need:

- 1 ¼ yards of various shirt scraps for the 16 patches
- 3 yards of white for background and sashing
- 1 3/8 yards of red bandanna for star points
- ¾ yards of blue for sashing strips

- $\frac{1}{2}$ - $\frac{5}{8}$ yard of fabric for the binding.

This quilt consists of only one block and sashing. The block looks like this:

It measures $16\frac{1}{2}$ "x $16\frac{1}{2}$ " before sewing together into the quilt. Use $\frac{1}{4}$ " seam allowances throughout.

Cut:

For each block: (This quilt is made up of 12 blocks.)

From white:

- 4 – $4\frac{1}{2}$ "x $4\frac{1}{2}$ " squares
- 4 – $4\frac{1}{2}$ "x $8\frac{1}{2}$ " rectangles

Colorful shirtings:

- 16 – $2\frac{1}{2}$ " x $2\frac{1}{2}$ " square

Red bandanna:

- 8 – $4\frac{1}{2}$ " squares

For sashings for entire quilt:

From white:

- 62 - $1\frac{1}{2}$ "x $16\frac{1}{2}$ " strips
- 31 - $1\frac{1}{2}$ "x $16\frac{1}{2}$ " strips

For cornerstones for entire quilt:

From red bandanna:

- 20 $3\frac{1}{2}$ "x $3\frac{1}{2}$ " squares

Construct blocks:

The blocks will finish at $16\frac{1}{2}" \times 16\frac{1}{2}"$.

1. First, construct a 16 patch from your $16\frac{1}{2}"$ shirting fabrics.
(Do this by either sewing individual squares together, making 4 patches, or making strips of 4 and sewing them together. Your choice. I sewed sections of 2 together and made 4 patches. If I hadn't been using shirting strips, I would probably have sewn strips of 4 together and mixed and matched that way as it is a bit faster.) Make 12 16 patches of shirt scraps.

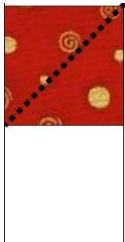

2. To each white $4\frac{1}{2}" \times 8\frac{1}{2}"$ rectangle, "snowball" both ends with a red $4\frac{1}{2}"$ square so that the piece now looks like this: You will 4 of these blocks for each 16 patch, so make 48.

Explanation:

- To do this: take a white $4\frac{1}{2}" \times 8\frac{1}{2}"$ rectangle and place a red square $4\frac{1}{2}"$ bandanna piece on it so it looks like this (right sides together): Sew across on the dotted line.

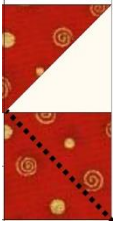

- Trim on smaller dotted line about $\frac{1}{4}"$ from the sew line to the outside.

- Press red bandanna towards the outside and one side is done!

- Repeat for other end: place red 4 ½" square over the white end and sew across the dotted line:

- Trim on the smaller dotted line, or about ¼" to the outside of the previously stitched line.

- Press the red to the outside. It now looks like this:

- Take your 16 patches and add a star points block to each side:

- Now, make two strips that look like this and add to the top and bottom of your center of the block: Use a 4 ½" white square with a star points block and another 4 ½" white square:

+

+

=

Make 12.

Make sashing units:

Sew 2 1½" x WOF white strips to a 1½" x WOF blue strip and subcut to 16 ½" inches long to get each sashing strip.

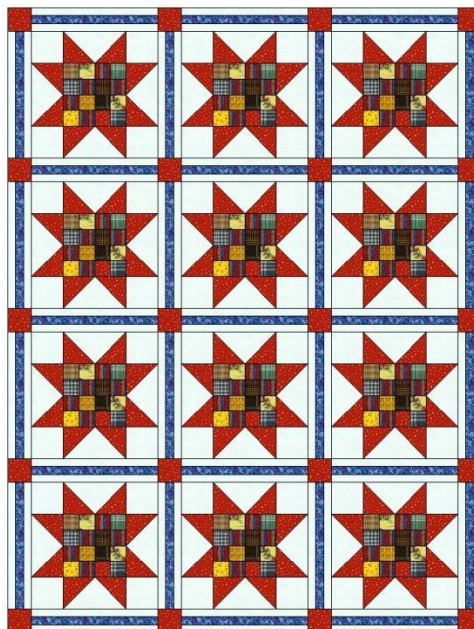

You should be able to get 3 sashing strip sets from each 40" "set of strips". So you will need to make 11 strip sets. If you don't mind a seam in the middle of your sashing, you can get by with fewer by piecing your whites and blues into longer pieces and sewing them together for a continuous long strip.

Make 31.

How to make this quilt:

1. **Construct your blocks.**
2. **Place blocks as in this diagram.**

3. **Sew the blocks together** as per the layout - 3 blocks wide and 4 blocks down. When you put them together, put a prepared $3\frac{1}{2}$ " x $16\frac{1}{2}$ " sashing strip between each block. Between each row, prepare a strip of sashing set, red $3\frac{1}{2}$ " square cornerstone, sashing, cornerstone, etc. and attach it to the row above. Use the diagram to help you.
4. **Press well.**
5. **Sandwich**, using whatever type of batting and backing you prefer.
6. **Quilt** as desired. I did straight line quilting to emphasize the star.

7. **Bind**, using whatever method you wish. I machine sew my bindings attaching to the back and bringing to the front and sewing on from the front.

Congratulations!
Your quilt is finished!
Enjoy!
