Note: this quilt is made up of a single 11" finished-in-the-quilt block like this:

Cut:

For the block : (you will need 42 blocks)

From lavender –

- 49 - 3”x11.5”
- 8 - 3”x84”

Borders will be dealt under “How to put together this quilt”

How to make the blocks:

First make the 9 patch from 9 green 2.5” squares. Sew three squares together. Press towards one side. Repeat 2 more times for a total of 3 strips of 3 squares. Follow the pictures shown below:

to make this piece:

. This piece is 6.5" x 6.5".

Now add the white 1.5"x6.5" to the sides:

then add 1.5" x 8.5" to the top and bottom:

Once those are finished, now add a strip of 2"x 8.5" on the sides – piecing together short pieces as needed if you want to make yours like mine.

Now add 2"x 11.5" to the top and bottom. (I often sewed together short pieces together to get this length.)

Make 42 of these blocks. They will finish at 11.5" at this point.

How to put together this quilt:

1. Sew together in rows.

Following this diagram, lay out the blocks, following this layout for the center of the quilt.

First put together your rows by putting a 3"x11.5" sashing strip between the blocks as shown:

Make 7 rows like this:

Now add your long sashing strip between two rows and put together your top:

Repeat until your center is as shown on the layout diagram above.

2. Add borders: Your borders are only on the sides:

- First border – 2” green scrappy pieces. Sew together a bunch of 2” leftover pieces until you have a long piece that is 97.5” long.

- Second border – Lavender cut 3”x97.5” long.

Sew the long scrappy 2”x97.5” piece to the lavender piece. Press well. Make 2.

Now add this border set to the center of your top so that the top looks like this:

3. Press well.

4. Sandwich, using whatever type of batting and backing you prefer.

5. Quilt as desired. I used swirls of sorts.

6. Bind, using whatever method you wish. I used a stripe on the diagonal

Congratulations! Your quilt is finished! Enjoy!
