

Classy Scraps

Approximately 101.5"x101.5"

To make the quilt pictured:

Becky Tillman Petersen

www.quiltedtwins.com

You need:

- About 3 1/8 yards of to make the scrappy blocks
- 2 7/8 yards of white
- 6 3/8 yards of black
- 2 1/4 yards of light gray

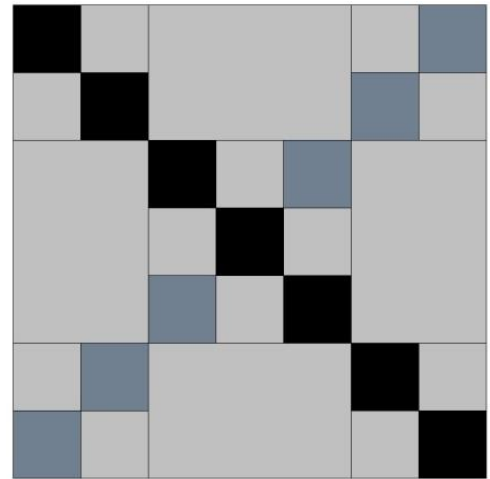

- 3/8 yards of dark gray for chain
- About 3/4 yard of fabric for the binding.

Note: This quilt consists of 2 main blocks: The finish at 14.5" before putting into the quilt. After sewing into the top, they are 14"

(You will need 16 scrappy blocks)

and a chain block

(You will need 9 chain blocks)

Cut:

For the Chain block: *Make 9.*

From light gray:

- 4 – 4.5" x 6.5" rectangles (for each block – total of 36)
- Cut 2.5" strips of black, light gray, and dark gray to strip piece.
Strip piece 2 strip sets for all the blocks in the entire quilt

Cut into 2.5" segments –

Cut 18 segments for all the blocks.

- Cut 2.5" strips of light gray and black to make this set: (one is enough for all the blocks)

Cut into 2.5" segments:

Cut 9 segments for all the blocks.

For the scrappy block: (make 16)

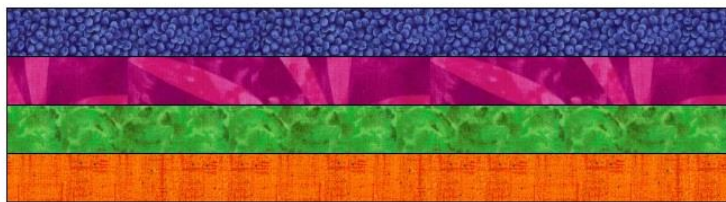

From black:

- Cut 2 - 2.5"x6.5" (total of 32)
- Cut 1 - 2.5"x14.5" (total of 16)

From colorful scraps:

- 64 2" squares or 16 strips of 4 2" squares that have been strip pieced and cut into 2" strip sets of various colorways.

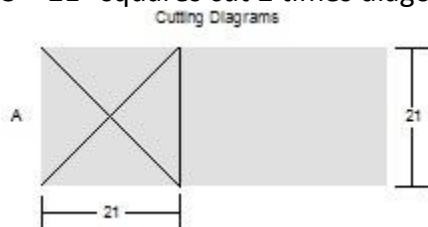

Like this:

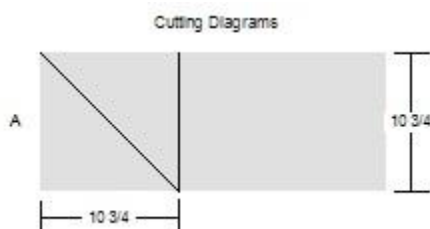

You need 256 4 strips segments of many different color combinations or 1024 individual 2" squares.

For the sashings and cornerstones and setting triangles:

- From black:
12 - 2.5"squares
3 - 21" squares cut 2 times diagonally to make 4 side setting triangles

2 - 11" squares cut once across diagonally to make 4 corner setting triangles:

- From gray:

- 12 – 2.5" squares
- From white:
 - 64 – 2.5"x14.5" strips
 - 16 – 2.5" squares for cornerstones

Borders will be dealt with later in the pattern

Construct blocks: Use $\frac{1}{4}$ " seams throughout. The blocks will finish at $15\frac{1}{2}$ " x $15\frac{1}{2}$ " before sewing into the top.

1. The 64 patch blocks:

A. First, make the 64 patch.

Using your individual squares or 4 segment strips, sew together, nesting seams, and make a 16 patch. It should measure 6.5"x6.5". Make 4 of these

B. Add 2.5"x6.5" strip between two of these 16 patches

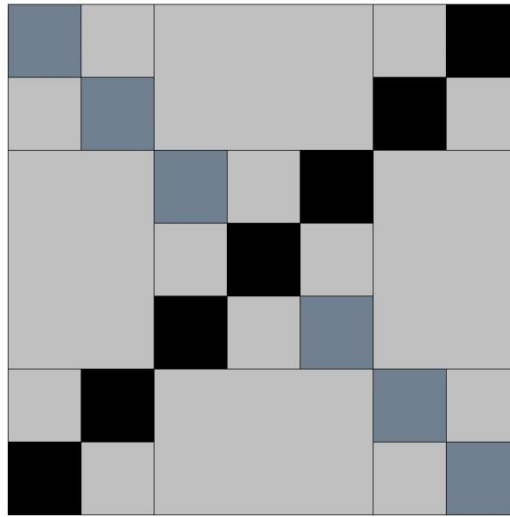

Make 2.

C. Add the long 2.5"x14.5" strip between the segments to form the finished block:

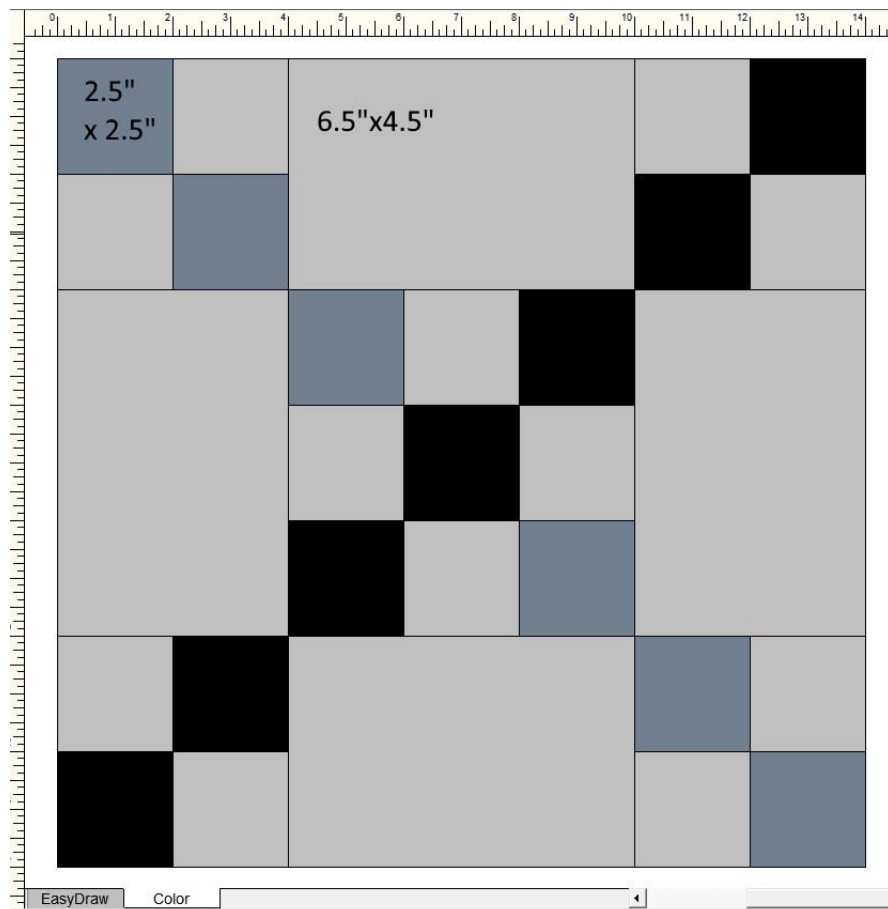

Make 16 of these blocks. They finish at this point 14.5"x14.5".

2. The Chain block:

w/ numbers:

- A. Construct your units: (Ignore the colors – for my quilt, all is GRAY or black as in picture above!)
 1. Make 4 patches with gray/dark gray background: (picture shows green/light blue instead of grays – but you can adjust, I’m sure)

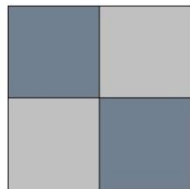

- Sew your very light gray 2.5"xWOF to dark gray 2.5"xWOF. Press.

- Cross cut into 2.5" segments.

- Using those segments, make 4 patches that look like this: (Amazing how that green turned to gray, right?)

- For each block you will need 2 – 18 total

2. Make 4 patches with light gray/black:

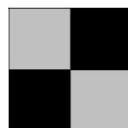

Sew your very light gray 2.5"xWOF to a dark gray 2.5"xWOF. Press.

- Cross cut into 2.5" segments.

- Using those segments, make 4 patches that look like this: For each block you will need 2 – 18 total.

B. Construct the 9 patch units:

Using your previously made segments, make your 9 patch block:

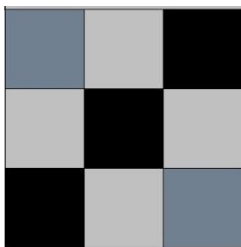

+

+

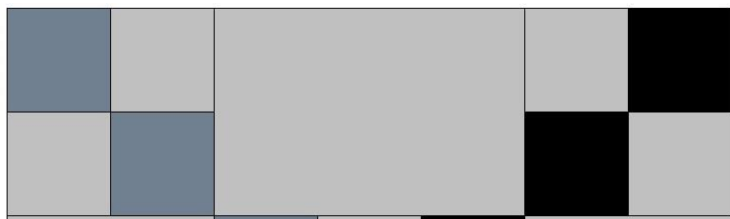

=

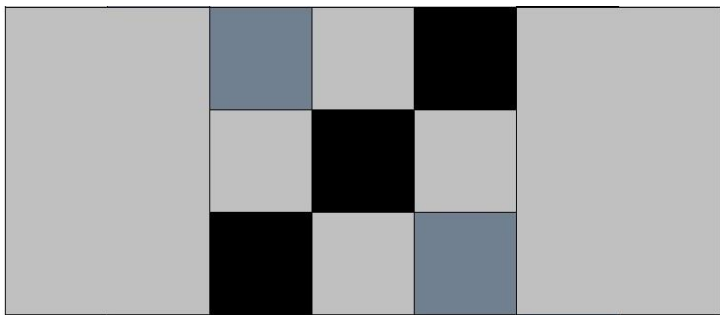

Make 9.

Now put together your block, making rows

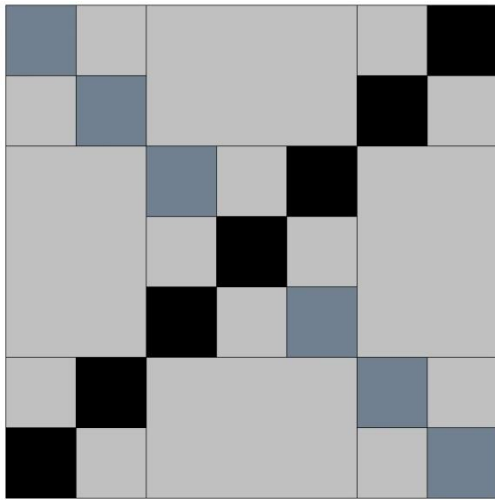

+

+

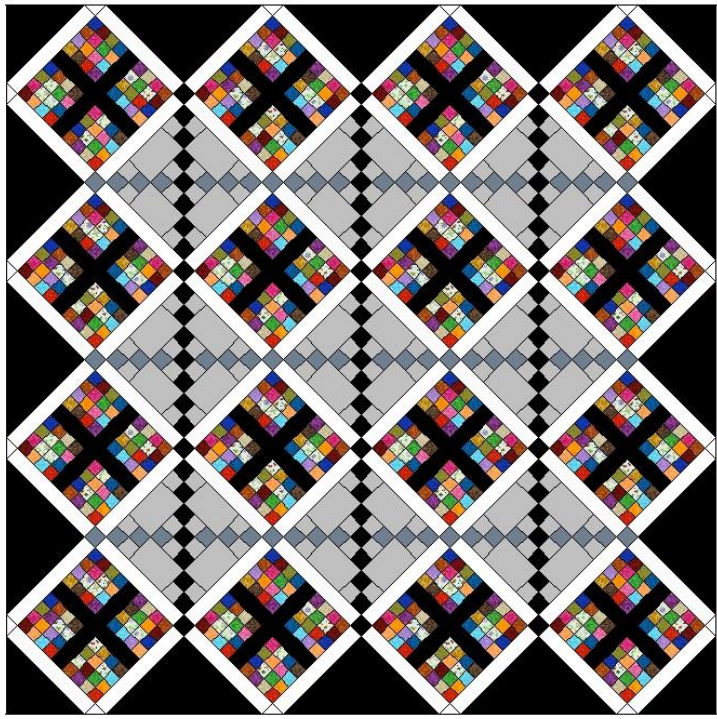

=

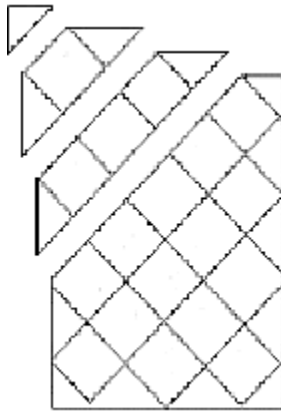

How to put together this quilt:

1. **Construct your blocks as described above.** Make 16 scrappy blocks and 9 chain blocks.
2. **Using the diagram below, lay out your blocks using your previously cut setting triangles and cornerstones and sashing strips.**

Since this quilt is “on point”, you will lay it out in rows like this:

Leave the corner pieces til the end

Here is the diagram that shows the rows that you should sew together.

Before adding borders, please see pictures at the end and trim your top square.

3. Borders.

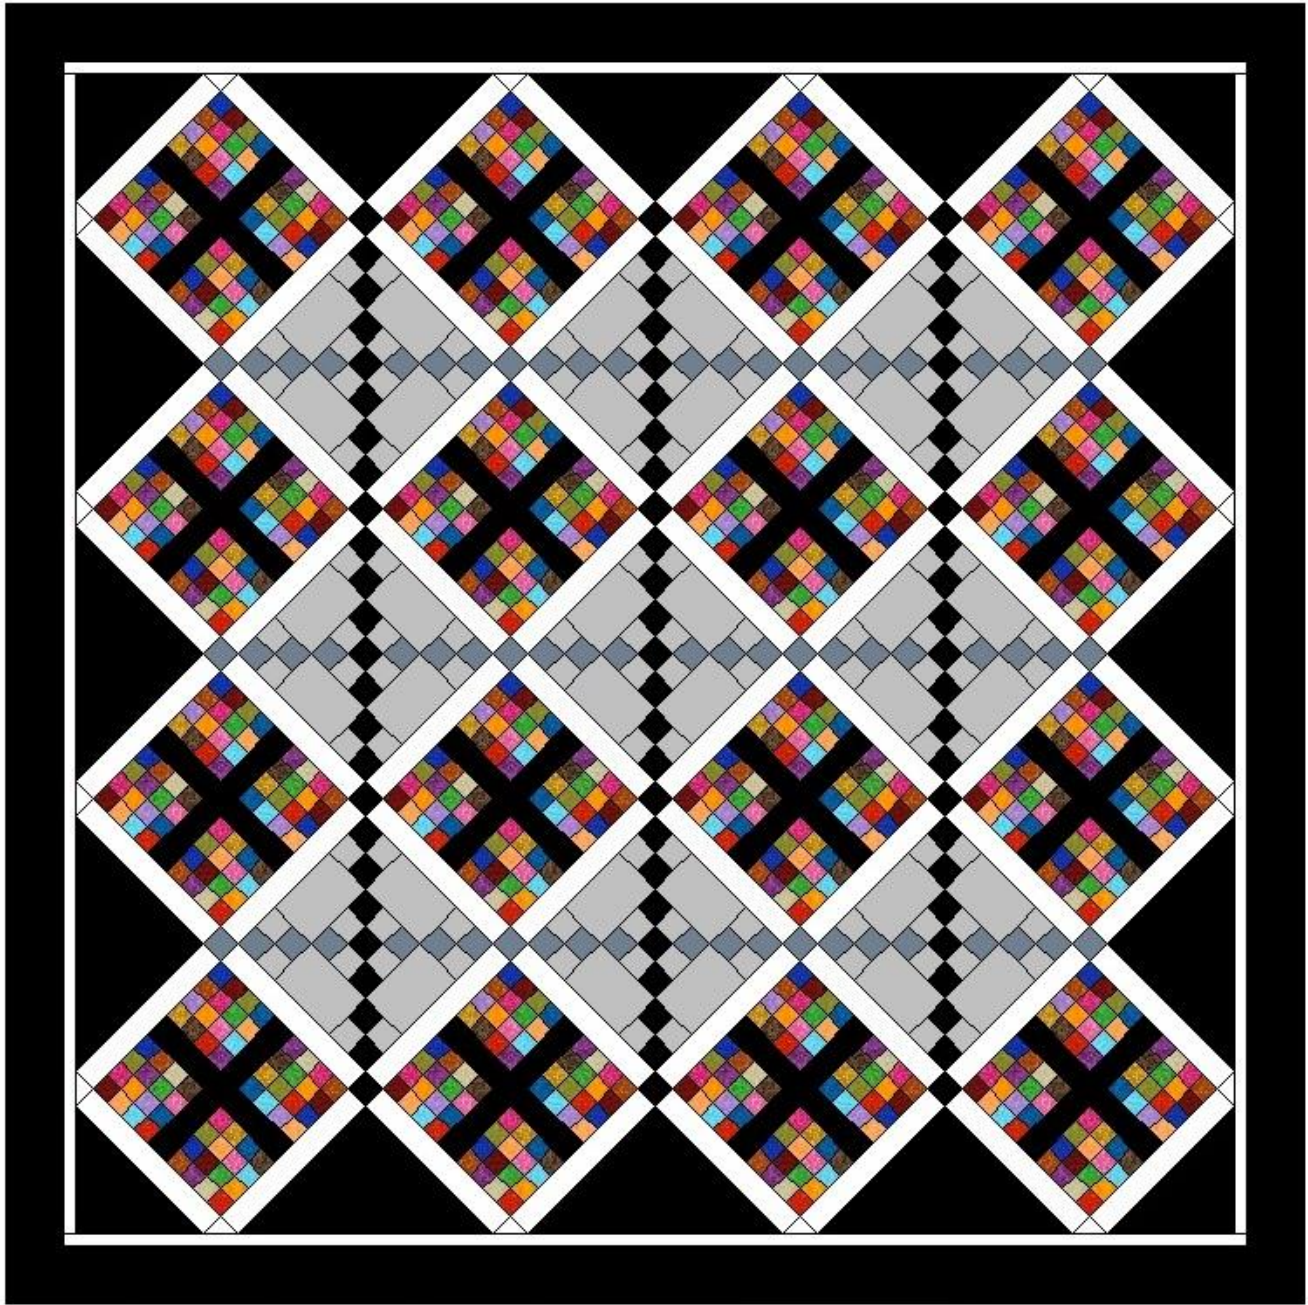

A. First border: white

- Cut 2 - $1\frac{1}{2}$ " x 91". Attach to sides. Press.
- Cut 2 - $1\frac{1}{2}$ " x 93". Attach to top and bottom. Press.

B. Second border: black

- Cut 2 - 5"x 93". Attach to sides. Press.
- Cut 2 - 5"x 102". Attach to top and bottom. Press.

Here is the overall diagram including the border:

4. **Press well.**
5. **Sandwich**, using whatever type of batting and backing you prefer
6. **Quilt** as desired.
7. **Bind**, using whatever method you wish.

Congratulations!

Your quilt is finished! Enjoy!

© 2017 Becky Tillman Petersen

Here are some pictures of my putting the middle of the quilt together and then trimming off the excess before adding the white border:

Step. 1. Sew together in rows diagonally:

Step 2:

Sew those rows together:

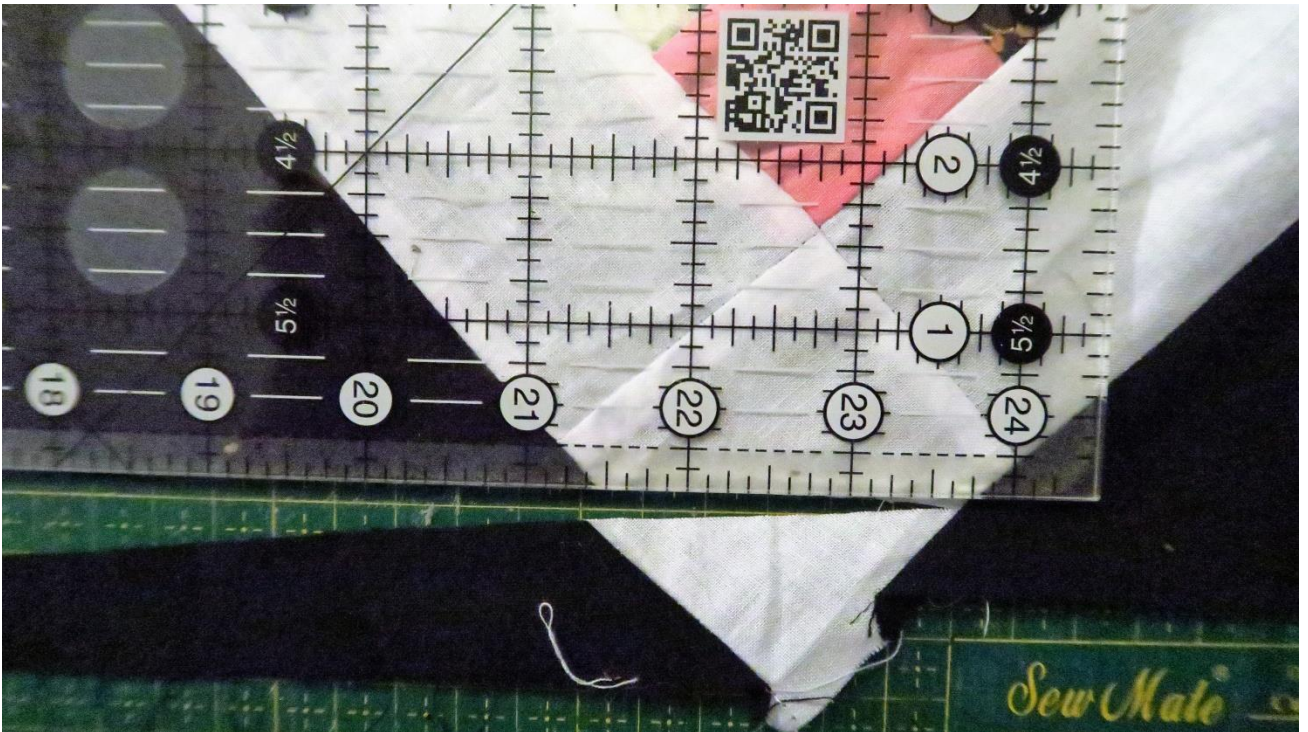

Step 3:

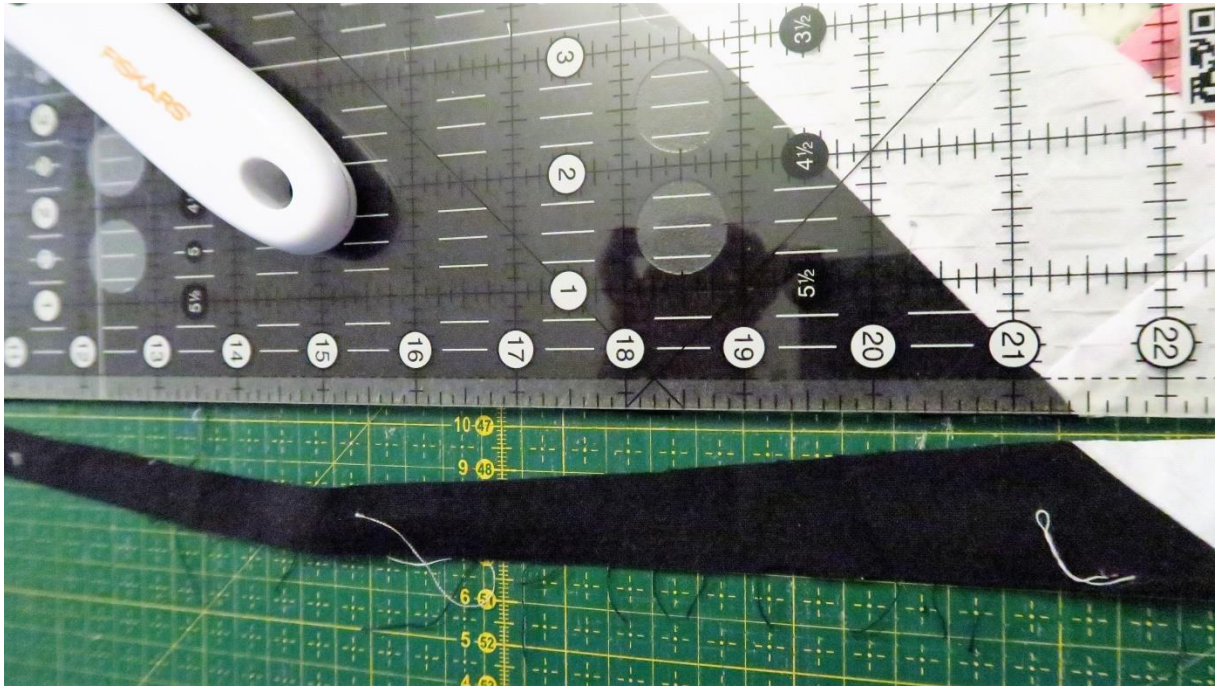

Finish sewing all rows together:

Step 4. Trim up sides before adding white border: Measure $\frac{1}{4}$ " to the outside of the center of the white corner stones:

After it is all trimmed, add the white thin border and then the black outer border.

A couple of the quilting pictures:
