Border piece sizes and colors are indicated on pattern diagram below as to sizes needed

Construct blocks:

- The main featured blocks are just rectangles of fabrics – cut 5"x15"
- The bargello type block looks like this

You make these blocks by taking the strips that you cut (above) from orange and yellows and sewing them in order from light to darkest in the middle into long strip sets: Make one strip set out of the oranges and one out of the yellows.

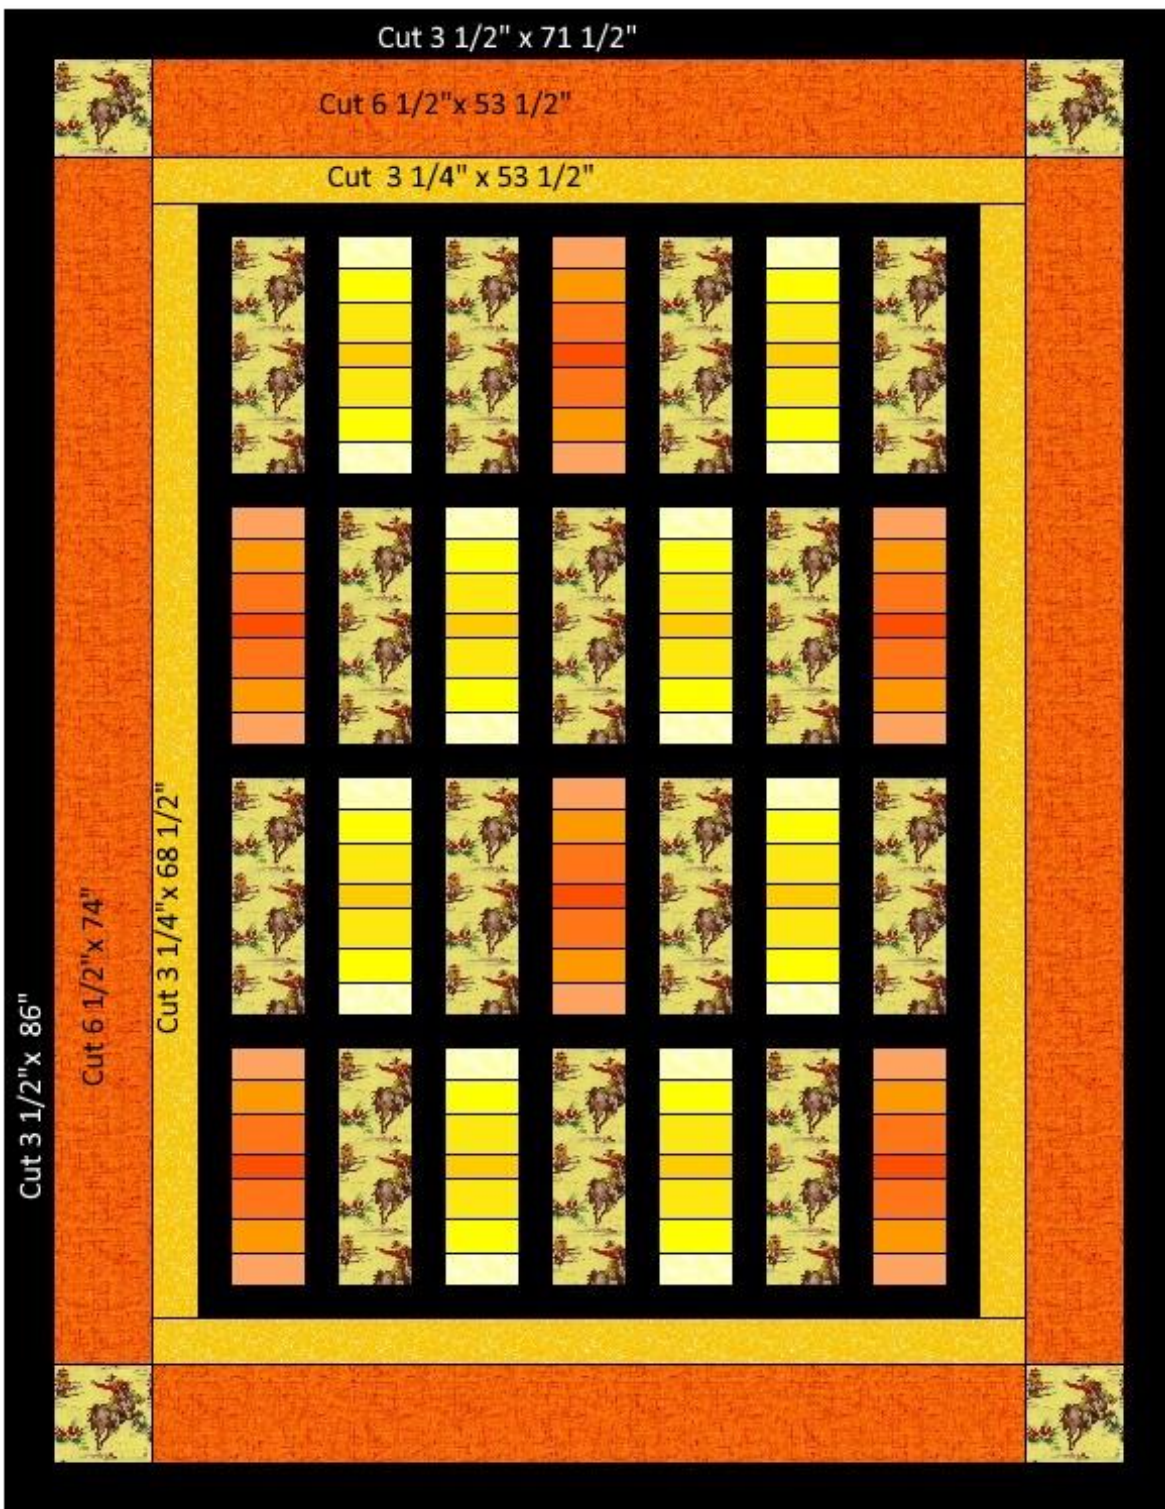

After the strip set is sewn together, cut off 5" segments.

Cut 2 1/2"x WOF		Cut off 5" width increments.		
Cut 2 1/2"x WOF		This piece will measure 5"x 15" after cutting off a 5" segment		
Cut 3"xWOF				
Cut 2"xWOF				
Cut 3"x WOF				
Cut 2 1/2"x WOF				
Cut 2 1/2"x WOF				

Each strip set should yield 8 segments. These are your alternating blocks. (You will have leftovers, depending on how you arrange your blocks.)

How to make this quilt:

1. Construct your blocks as shown above.
2. Place blocks as in this diagram,

3. **Sew the blocks and borders together** as per the layout. Use the numbers on the layout to know what size to cut the border pieces.
 - Sewing the blocks together with the sashing in between each block
 - Put sashing in between rows using the $2\frac{1}{2}" \times 44"$ strips you cut and pieced.
 - Add black border
 - Add yellow border
 - Add orange border --put in the corner blocks, using the $6\frac{1}{2}" \times 6\frac{1}{2}"$ square of novelty fabric you cut.

- Add outer black border

4. **Press well.**
5. **Sandwich**, using whatever type of batting and backing you prefer
6. **Quilt** as desired. I used a simple stippling.

7. **Bind**, using whatever method you wish.

It's that easy!!!!

Your quilt is finished!

Enjoy!
