## **Construct blocks:**

Notes:

- The blocks will finish at 17" before sewing into the quilt. Once sewn into the quilt, they should finish at 16.5". Use ¼" seam allowances.
- Press seam allowances for each individual row of stitching all in one direction. Then, for the next row, press them going the other direction so that they would nest nicely when sewn together.
- I have put diagrams for each block with the size of strips indicated. Put together each block, using the pieces you have cut. I have indicated clearly how many of each block you need to make.
- *All squares in the diagrams below without numbers are 2"x2" cut.*

The image shows a 10x10 grid of 100 squares, each with a unique color and pattern. The grid is divided into sections labeled with dimensions:

- 2"x8"**: A horizontal section at the top, spanning 2 rows and 8 columns.
- 2"x5"**: A horizontal section in the second row, spanning 2 rows and 5 columns.
- 2"x3.5"**: A horizontal section in the third row, spanning 2 rows and 3.5 columns.
- 2"x5"**: A horizontal section in the fourth row, spanning 2 rows and 5 columns.

The grid is composed of 100 squares, each with a unique color and pattern. The colors include various shades of blue, green, yellow, orange, red, purple, and pink. The patterns are diverse, ranging from solid colors to complex, abstract designs. The grid is divided into sections labeled with dimensions: 2"x8", 2"x5", 2"x3.5", and 2"x5".

Block 2: (Make 12)

# Block 4: (Make 4)

## How to make this quilt:

1. **Construct your blocks as mentioned in the point above.** *If you cannot figure out how to sew these rows together because my instructions as to the actual construction of the block are a bit sketchy, please write me a PM or search on line for how to actually sew a block together.*

2. Lay out completed blocks according to this diagram:

<b>Block 1</b>	<b>Block 2</b>	<b>Block 1</b>	<b>Block 2</b>	<b>Block 1</b>
<b>Block 2</b>	<b>Block 1</b>	<b>Block 2</b>	<b>Block 4</b>	<b>Block 2</b>
<b>Block 1</b>	<b>Block 2</b>	<b>Block 4</b>	<b>Block 3</b>	<b>Block 4</b>
<b>Block 2</b>	<b>Block 1</b>	<b>Block 2</b>	<b>Block 4</b>	<b>Block 2</b>
<b>Block 1</b>	<b>Block 2</b>	<b>Block 1</b>	<b>Block 2</b>	<b>Block 1</b>

3. Sew together in rows. Press well. (Actually you should be pressing as you go along. 😊)

4. Add borders:

(I did not include cutting instructions for borders previously. I usually cut borders when I am finished with my top to the point where borders are needed.)

The first black border pieces needed (according to Electric Quilt program)

Cut 2 - 3" x 83". Attach to sides.

Cut 2 - 3" x 88". Attach to top and bottom

The second border (blue) pieces needed:

Cut 2 - 1.5" x 88". Attach to sides

Cut 2 - 1.5" x 90". Attach to top and bottom.

The outer black border pieces needed:

Cut 2 - 3.5" x 90". Attach to sides.

Cut 2 - 3.5" x 96". Attach to top and bottom.

5. Press well.

6. **Sandwich**, using whatever type of batting and backing you prefer

7. **Quilt** as desired.

Because of the very "busy-ness" of this quilt, I did a simple all over meander/stipple as pictured below.

8. **Bind**, using whatever method you wish.

Congratulations! Your quilt is finished!

You can heave a huge sigh of relief. It was a big one!

Enjoy!
