

TOWN OF
GRAND LAKE

December 11, 2017

To all Grand Lake residents/commercial facilities:

On behalf of the Town Board and the Town Trustees for the Town of Grand Lake, I am writing this letter to inform you directly about a new municipal fee which will be reflected on your first 2018 utility bill as the fee will take effect on January 1, 2018.

The Municipal Fee, a service fee, was included in the 2018 General Fund budget to fortify our revenues in the General Fund, particularly to offset costs for certain town-wide services including expenses for Police Services through our contract with the Grand County Sheriff's office, Dispatch Services, and utility Street Lighting. These services provide a direct benefit to each dwelling unit and to each business facility in the Town of Grand Lake.

Under Ordinance # 06- 2017, this fee is initially approved for one year and shall be billed quarterly at \$23.82 (or \$7.94/mo) to each residential dwelling unit and each commercial facility. A quarterly fee of \$11.91 (or \$3.97/mo), half the fee charged to each non-exempt residential dwelling unit/commercial facility, shall be billed to each exempt residential dwelling unit/commercial facility.

Sincerely,

James C. Peterson
Mayor
