

Hello Grand Lake Trustee's,

Here is the list of democrat reach out that I or the committee has done in the past. This list has been read in the past to the Grand County Comissioner's, board trustees of the town of Grand Lake, and the GCCTB Board.

If you notice it is creased, because I carry it with me wherever I go. I realized this became necessary because of the unjustified allegations. That does not mean we are perfect, but we try very, very, very hard. It will never ever be perfect!!!

Obviously these allegations have reached the Grand foundation Apparently they have believed what they have heard without any regard for asking questions or soliciting me to find out some information. Very disturbing. Shame on them for singleling us out. Cancel culture.

The Democrats have not served their community well in grand County in regards to constitution week. It's sad that I had to make a log of my efforts to reach out. I have not updated it for 2020.

I can now add the Grand Foundation to a different list called hearsay & rumors list.

A few highlights.....

If you do not think this event is supported by the public I would suggest you look back and see all of the sponsors we have had. We have easily had more than any other event in Grand County. I believe one year we had over 60 sponsors!

In years past we have contributed to restaurants having record days along with car counts. One year we came within 200 cars of beating the Fourth of July.

In 2020 we were about the only event in Grand Lake and perhaps Grand County. This is only a few highlights!

Our 10th annual GLUSCW is scheduled for September 13 thru the 18th. We were just approved one again by the Pentagon and the FAA for a fly over on September 18th at noon.

In closing I would say that the need of this event is needed now more than ever before.

Unfortunately Steve called me late morning and I was unaware of this concern of constitution week. I do appreciate Steve's call.

Obviously I did not have time to prepare for these perceived political allegations. I have copied Mike Tompkins perhaps he can call in for the meeting.
