Is this a quality band instrument approved by your band director? *Yes! Your band director works with us because the quality of our instrument meets the exact quality that is expected.*

What is the per monthly rate? Does it include maintenance and repair?

Rentals at The Band Attic start at \$18.69/month plus sales tax. Rates increase based on level of instrument selected by you, the parents/grandparents, for rental.

Is the initial payment the monthly rate or does it go up? Are extra fees tacked on to the end of that promo rate?

*Great question! Our low monthly rates are **NOT** a “teaser” that lures you in and then heavily increases in future months. Your rate does **NOT** change. This includes price protection should the prices increase on the next rental year.*

If I want an instrument tonight, what is the total amount to take it home?

Your total amount is your first month’s rental rate plus NC sales tax. Only additional charges may include Method Book, Reeds and additional Accessories.

Do I get to choose the brand of instrument or is it pre-selected by the music company?

You, the customer, get to choose the brand by what level of rental you select for your child. All brands offered by The Band Attic (Yamaha, Conn-Selmer, Jupiter, John Packer, Pearl, Gemeinhardt, etc) are approved by your band director.

What if I no longer need to rent an instrument for my child?

This is a great question! If you no longer need the instrument, you must first contact The Band Attic to notify us of the cancellation. At that point, our staff will direct you on what to do next. Leaving the instrument in the band room without speaking with The Band Attic first is not an acceptable form of return.

What is included in my rental?

All rentals come with everything needed for your first day of band. This includes your instrument, case, mouthpiece, reed, valve oil/slide oil/cork grease. Parents can order additional accessories to be delivered with your rental.
