

## PAWPRINTS - BEAR'S PAW FABRICS - JULY 2021

Ten months ago, we had water damage in our store. I cannot believe it has been that long, but we are happy to be back in our original space! We have all new fixtures and a lot of new fabric, including fat quarter bundles, threads, notions, and stabilizers. We have added a designated Kimberbell area, new lighting, and ceiling fans. We have been so excited to see our customers in our new space, and they have been incredibly positive with the new digs! If you have not had time to stop in, these are pictures of what part of the store looks like!

### WHAT'S GOING ON IN THE CLASSROOM?

We have had some new machine classes and several smaller classes so far, but we still have "stuff" in the classroom waiting for their new home. We will be in full swing in the classroom come September.

This coming Saturday, July 24 - 10 to 3, is Mini Brick Road by our favorite Atkinson Designs. As of this writing, there are a few spots left. [Register here.](#)

The FITB program offers a different blank each month with an exclusive coordinating design. FITB designs will always include a size for a 5" x 7" hoop. There may be additional sizes available for some designs. The embellishment kit will be created to for the 5" x 7" design. The design will be available the first Monday of each month.
