For this month's project, we will have a Sit and Sew from 10-2. Bring in your current Kimberbell project or choose a new one. The choice is yours. Learn a new technique or master an old favorite.

Download the design you want from the Kimberbell CD of your choice onto your laptop. Be sure the design fits your embroidery machine, and is in the **correct format and size** for your machine. Transfer the design to your embroidery machine. Check your machine to see that it is indeed on your machine.
