

Feathered Friends Supply List

~Autumn~

- Feathered Friends Autumn pattern by This & That
- Fabrics of choice as per pattern, or purchase a kit available at the shop (please note the kit does not include backing or batting)
- Sewing machine in good working order that you are familiar with
- General sewing notions: rotary cutter & mat, pins, binder clips, seam ripper, scissors, marking tools, etc.
- ¼" foot and a walking foot for your sewing machine
- Quality sewing/quilting thread
- Size 80/12 microtex needles for piecing
- Size 80/12 quilting/topstitch needles for quilting

This is a fun, seasonal wall hanging that finishes 22" x 23". The cutting takes quite a bit of time, so **please have your pieces cut before class** so that we can get right into sewing! I like to pin or clip my fabrics into all the different categories (background/bird/etc.) then place them into separate ziploc baggies. This will help you stay organized & keep all those tiny pieces from getting lost!

Any questions before class? Email me! carrie@themantras.com
