

Hello Everyone,

It's that time again! J

The following machine software updates will be activated Thursday, February 28th in the machine **DOWNLOADS** section of the Baby Lock website for the BLSO (Ellisimo) and BLSOG (Ellisimo Gold) machines.

The following are what these updates include:

Baby Lock Ellisimo

(Model BLSO)

Software Update Version 3.20

Version 3.20 update will provide the following changes:

1. The following optional embroidery frame can be used on the machine.
* Embroidery Hoop and Grid (6" X 6") [Product number: BLMA-150]
2. Corrected the misspellings of the item in the machine settings. (English)
3. Corrected the misspellings of some thread color names. (English)

Note: This update is available for machines **with and without** upgrade BLSO-U (Kit 1), BLSO-U2 (Kit 2) and BLSO-BF2 (Kit 3).

Baby Lock Ellisimo

GOLD

(Model BLSOG)

Software Update Version 3.20

Version 3.20 update will provide the following changes:

1. The following optional embroidery frame can be used on the machine.
* Embroidery Hoop and Grid (6" X 6") [Product number: BLMA-150]
2. Corrected the misspellings of the item in the machine settings. (English)
3. Corrected the misspellings of some thread color names. (English)

Note: This update is available for machines **with and without** the upgrade BLSO-BF2 (Kit 3).

As an FYI for you the "USB Media Reference Charts (All Machines)" files will also be updated. These files can be located under the heading "USB Updates" within the DOWNLOADS section of the Baby Lock website.

If you should have any questions, please do not hesitate to contact me.

Have a wonderful day!
