

Quilt Quest Longarm Pricing

All Charges are determined by square inch of quilt top.

Edge 2 Edge (E2E) Quilting (same design on entire quilt) costs **\$0.017 per sq. inch for simple designs, \$0.02 for intermediate designs, and \$0.03 for Intricate designs.**

A quilt top that measures 50" X 50" = 2,500 square inch times cost of quilting.

50' X 50' = 2,500 X \$0.017 (simple design) = \$42.50. My minimum fee for E2E is \$35.00

Custom Quilting: Custom quilting is two or more patterns applied to same quilt, and can be as simple as E2E in main body of quilt with different pattern work in borders or more complex with many different patterns.

Custom quilting takes a great deal more time than E2E and costs between \$0.05 and \$0.20 psi depending on complexity of quilting. My minimum fee for custom quilting is \$50.00. The nature of custom quilting requires an appointment between quilt owner and quilter to make important decisions. The consultation can take place at **Cottonwood Quilt Store or Quilt Quest studio in Barboursville.**

Additional Options and fees

On occasion I will find unsewn seams, un-pressed quilt tops and backs, or seams pressed with large tucks or threads that could show through. Please look your quilt top over carefully for these issues. If I find issues that could cause problems in the quilting process, I will call you to discuss options before quilting begins which can cause delays or additional charges.

\$5.00	Square up quilt top or back
\$15.00 per hr.	Mending quilt top or backing seams
\$25.00	Set Up Fee (Ironing quilt top/back and thread removal)
\$15.00	Create Binding (customer supplies fabric)
\$0.15 per linear inch	Machine stitch binding to quilt
\$0.30 per linear inch	Machine stitch binding to quilt and hand stitch to back
\$0.30 per linear inch	Make and attach hanging sleeve to back (customer supplies fabric)

Rush orders are available for an additional 50% of regular quilting charge
