

Let's Help out a California shop: Debbie's Quilt Shop in Paradise, CA

Debbie's Quilt Shop is located in Paradise affected by the Camp Fire Nov. 8 2018. The shop did not burn but the top of a burnt pine tree came through the roof and then allowed lots of rain from several storms to pour onto the fabric. She has a possible new location and hopes to reopen.

Debbie's Quilt Shop is collecting "house blocks" in order to create quilts for those affected by the Camp Fire in California. We would love to help them out in this endeavor – we know how we would feel if we lost our beloved shop and fabric.

You can find inspiration for House blocks at the following link:

- Blocks must use good quality 100% cotton quilt shop fabric.
- Each block must have something written on it with permanent ink – an inspiring saying, your name and city or just city and date.
