

Class Name: **Garment Sewing - Classic Shirt**

Teacher Name: **Debby Carter**

Email: cullercreations@gmail.com

Class Description

We will be making a shirt using the Classic Shirt pattern from Liesl & Co. Students must be very comfortable with their machine and have taken Garment Sewing Techniques or have comparable skills already. We will start with the main components of the pattern and sew a muslin to test for size. Students will need to do some sewing between classes in order to finish the shirt. This project will allow you to improve your sewing skills and create a pattern that you can use many times.

Required Supplies

- A sewing machine in good working order with the required presser feet.
- Pattern - Classic Shirt by Liesl & Co.
- Muslin or cotton to create a simple muslin (enough for back, front, sleeves)
- Thread
- Pattern Ease to trace your size
- Fabric and buttons for finished shirt

Each student will meet with Debby a week before the first class to determine appropriate size, so that a muslin can be constructed before the class begins. If you have any questions about the pattern or fabric choice, please come by and talk with Debby.

- Note: If you are not able to bring your machine, you may rent a sewing machine from SLH. Please contact the shop at least 1 week in advance of class to ensure a machine is set up for you
