

Class Name: Garment Sewing - Classic Shirt

Teacher Name: Debby Carter

Email: enjoli@akseams.com

Class Description:

We will be making a classic shirt using a pattern from Liesl & Co. Students must be very comfortable with their machine and have taken Garment Sewing Techniques or have comparable skills already. We will start with the main components of the pattern and sew a muslin to test for size. This project will allow you to improve your sewing skills and create a pattern that you can use many times.

Required Supplies:

- A sewing machine in good working order with the required presser feet.
- Pattern - Classic Shirt by Liesl & Co.
- Muslin or cotton to create a simple muslin (enough for back, front, sleeves)
- Thread
- Pattern Ease to trace your size
- Fabric and buttons for finished shirt

Please talk with me prior to the class, so we can determine the correct size for you to trace before class. That will allow us to make the best use of the class time.

- Note: If you are not able to bring your machine, you may rent a sewing machine from SLH. Please contact the shop at least 1 week in advance of class to ensure a machine is set up for you
