

Class Name: North Stars BOM

Teacher Name: Angelyn Starr

Email: angelyn@akseams.com

Class Description:

Join Angelyn and make this adorable North Stars quilt! This 4-month block of the month will give you a small taste of Elizabeth Hartman's animal patterns. Focus blocks will be Patty Polar Bear, Willa Walrus, Neville Narwhal & Lucille the Seal!

Purchase the kit and keep going after you have the basics, or work from your stash to make this cute throw! No matter what you choose you'll have fun watching them come together!

Required Supplies:

- "North Stars" Pattern or Kit (review for fabric requirements)
- A working sewing machine with $\frac{1}{4}$ " foot
- Basic piecing supplies (rotary cutter, mat, ruler, etc.)
- Favorite piecing thread

Optional Supplies:

- Feel free to bring any favorite quilting supplies you might want
- Mini-iron; this is great to have as there are some small pieces you might want to press without having to run to the large irons every time.

***Notes:** Once you've completed these four blocks you can keep going to make the large quilt, or call it good and have a nice throw, either way you'll learn the skills to make any of Elizabeth Hartman's animal patterns.
