

2. Clip corners of ties, turn piece right side out, and press.

3. Fold straight edge of crown piece (to wrong side) $\frac{1}{4}$ " and press. Fold and press again. Stitch edge.

4. With right sides together, align notch on rounded edge of crown with center fold of band piece. Pin crown to band (both thicknesses), every couple of inches, easing curves to fit. Finished edge of crown should align roughly with notches on the band. (see figure 4b)

*Note: if using a directional fabric, make sure the fabric on the outside of the band is going in the right direction. (my first cap had upside-down pirates.)

4b.

5. Stitch crown to band with $\frac{1}{4}$ " seam, starting and ending at finished end of crown. (Back-stitch at beginning and end of seam) Turn right side out, and press.
