Things to Remember:

1. Press your quilt top and backing before drop off.
2. Backing should be 4-6" bigger on each side than your top.
3. Batting should be 4" bigger on each side than your top.
4. Double check your quilt top to be sure it is square. Fullness in the blocks/borders can cause tucks in the finished quilt.
5. Clip loose threads and check for holes or unsewn seams.
6. Please do not layer your quilt top, batting and backing together; we load them individually on our machine.
7. Quilt backs will be loaded on the "Square" side, this may affect your chosen design, so be sure to square your backing.
8. Any quilt not meeting the backing size requirements will be returned and taken out of queue until it can be returned with the correct size backing.
9. Quilts left after 30 days will be donated to a local charity.
