2. Backing should be 4-6" bigger than your top.
3. Batting should be 4" bigger than your top.
4. Double check your quilt top to be sure it is square. Fullness in the blocks/borders can cause tucks in the finished quilt.
5. Do your best to clip loose threads and check for holes or unsewn seams.
6. Please do not layer your quilt top, batting and backing together; we load them individually on our machine.
7. Any needed repairs will incur a \$15 fee, up to 20 minutes. Any longer will require you to make necessary repairs and return.
8. Quilts left after 30 days will be donated to a local charity.
