

# Welcome to Our Classroom!

## *Seams Like Home* Classroom/Nook Use Guidelines 1/2020

We are happy to have you use our classroom for class or personal sewing. Out of respect for our teachers, other students and staff, we ask that you follow our classroom guidelines:

- **Please do not leave your machine** or supplies overnight as it impedes our ability to perform an unscheduled deep clean and is a liability risk;
- **30 minutes prior to the beginning of a scheduled class or shop closing** please have all of your belongings out of the classroom giving the teacher/staff time to prepare for class and the staff time to set up or close the room;
- **Only registered and paying students** will be allowed in the classroom during a scheduled class;
- **Label your personal tools** (scissors, rulers, rotary cutters, etc.) with your name or initials;
- **Threads and fabric only** in the small white classroom trash cans ;
- **Please place liquids in the kitchen sink** and food trash in the large kitchen trash cans. There are trash cans in the classroom marked for recycling soda cans and water bottles;
- **Use the “Sharps” container** for used and broken needles and rotary blades;
- **Due to staff and customer allergies**, we ask that you refrain from using perfumes when attending classes;
- **Cell phone use:** If you need to receive or make a cell phone call, please go out into the shop;
- **Tab:** We are happy to have you run a tab while in class (you will receive a **15%** class discount). Please settle your tab **30 minutes** before the class ends;
- **Before you leave the classroom**, check your area carefully and gather your power cord, foot pedal, scissors, etc. Please leave the area neat and ready for the next student to enjoy!

# Welcome to Our Classroom!

If you have suggestions for other classes, please let us know. We want you to enjoy sewing at *Seams Like Home* and provide classes that will build your sewing skills!
