

Class Name:
Slow Stitch Society/Study

Teacher Name: Maret Anderson
Phone: 677-8790

Class Description:

All levels are welcome as we learn hand embroidery stitches while creating a stitch sampler. Class price includes materials kit to get started. This is a great class to take prior to our Sue Spargo workshops in June.

Every month, 8-10 new stitches will be introduced. A review of the basic stitches will start our sessions building towards more complex combinations.

Books, patterns and sewing notions will be reviewed during each class. These will be made available for optional purchase.

Required Supplies:

A kit, which includes needles, thread and fabric to get started is included in the class fee.

Bring a note book for notes.
