

Class Name: **Weekend Quilting Intensive: Lines & Shapes**
Teacher Name: **Enjoli Strait**
Email: enjoli@akseams.com

Class Description

This intensive style class will focus on using shapes and designs in modern quilts with an emphasis on using rulers to achieve smoother shapes. We will learn how to use the shapes in our quilts to choose designs and how to use the points in our quilt for dot-to-dot designs.

For this class, feel free to bring a small quilt top you want to use these techniques on.

Required Supplies

- Sewing Machine with ability to lower or cover the feed dogs
- Rulerwork foot for machine
- Extended base
- Straight edge (any other rulers you might want to use)

- Note: Strongly recommend rulerwork experience for this class, as we will not be covering basics. You will be expected to know how to use your foot and handle rulers.

Optional Supplies

- Feel free to bring any rulers you want to try or want help using.
