Thursday, January 25, 2024
With Helen Coleman
10:30am - 1:30pm

This class will teach beginners the basics of how to do Free Motion Quilting using your normal sewing machine. We will spend the first part of the class practicing the hand movements of free motion, and you will take home a sampler of different techniques. My goal is that you won't be afraid to quilt your own projects after the class!!
