In this 2-day class we will make a classic lunch bag, perfect for kids or adults and you can personalize it to suit the user. It's an easy project and makes a great gift. You can carry all the makings of a hearty lunch in this roomy bag. A mesh pocket on the inside holds an ice pack or utensils. An optional chalkboard border on the front and a see-through pocket on the back provide space for ID or a fun note. You can choose a quilted version or a non-quilted version and even add on iron-on laminate inside if desired. ByAnnie's Soft and Stable adds stability and insulation. The bag folds flat when not in use.

Pre-Class preparation

Purchase the pattern on the [ByAnnie website](#). Don't prewash your fabric but put the 3 layers together; main, soft and stable and coordinating fabric and quilt the three pieces together. Cut out all the quilted fabric pieces and seal the edges. Cut out the remaining pieces required for the project and attach the included labels to keep track of all the various components. You have the option of a non-quilted version which you can add iron-on vinyl if you wish. This makes it easy to wipe down the inside of the bag; however, these bags can also be machine washed. I will bring my Creative Grids Circle Rulers for your use in class. This bag WILL require you to do homework. Call me or text me if you have any questions. You can email me, but a text is best.
