Beginning Computer Basics for Machine Embroiderers
February 1, 2018
3pm - 5pm
with Kim Fox and Elaine O'Hanlon

Now that you have your embroidery machine, we will show you how to download embroidery designs and save them on to your computer. You will also learn how to save a design to your flash drive so you can transfer it to your embroidery machine.

Supplies Needed

- Laptop computer
- Power cord
- USB stick/flash drive ✓

Pre-class Preparation

Make a list of vendors you have purchased designs from. For at least one of them, if you have purchased on line, know your login ID and password.

✓ Denotes items available for purchase at Dublin Sewing Center. These items should always be purchased at Dublin Sewing Center to ensure that you have the correct product and to ensure that we can continue to teach these Clubs at a low price. Please remember, though, that we only carry a few of each item at a time so it is best to purchase your items prior to the class (in person or by phone).
