

Aurelia, new from Robert Kaufman, has beautiful flowers and dragonflies etched in gold. Layer cakes and yardage available!

Bliss from Moda brings soft blues and shades of coral together in perfect combination.

Dragonfly Days is a new 36 inch panel from Clothworks that brings to mind warm summer days. All it needs is a border or two, maybe in the coordinating fabric or your favorite shades of blue or green!

Fanciful Flight is Wilmington's latest offering in a 24 inch panel. Bright birds and butterflies dance among the flowers in this panel, border stripe and matching coordinate. Put them together or try out a border stripe table runner!

New Spring Prints  
Finish up for Easter or get started  
for next year!

Jewelscape from Dan Morris of QT  
Fabrics are subtle ombres. Shown  
are the opposite ends of each bolt.

Wild Blossoms is new from Robin Pickens of Moda. The main piece is a beautiful garden changing colors and flowers between the selvages! We found that Northcott's Chroma matched in color and feel of this line. Wait to see our example quilt made with Villa Rosa's Honor pattern!

Our English Paper Pieces have moved to the back wall! Check out our new 2 inch pieces and our freshly restocked 1 inch pieces.

Check out Party Packs!  
Party Packs have several shapes that fit together in one package, allowing you to play without having to buy all of them!

Red Barn Farm from QT Fabrics is a picturesque scene of red tractors and barns perfect for a baby quilt! The yellow coordinate would be great as corn!

Bannard Hill from Henry Glass

Black & Whites from Wilmington

Scraps of Kindness from Kim Diehl of  
Henry Glass

Liberty for All  
Fireworks

Decorative Corn
