I Lost My Mitten!

Easy, Turned-Edge Machine Appliqué

This easy pattern is uniquely designed to teach my turned-edge, layered, nearly-invisible machine-appliqué technique using freezer paper templates, liquid starch and nylon invisible thread. Students need to have a sewing machine with 'adjustable blind-hem stitch' capability.

STUDENT SUPPLIES NEEDED:

- Sewing machine with blind-hem stitch adjustment capability — Please bring the instruction manual for your machine!
- Extension table (very helpful!)
- Open toe or applique foot (see example below, NOT blind-hem foot)
- Paper scissors and fabric scissors
- Travel-size iron (If you don't have one, don't worry.)
- Empty bobbin
- Straight pins for applique
- Stiletto or trolley needle
- Tweezers (very helpful!)
- Thread snips
- Pencil

*Your block CAN
be finished by the
end of class!
See how easy this
technique is!*

Optional kits will also
be available on class day,
if this snowman doesn't
melt your heart.
