

Which category do you fit into?

1. Do you have an embroidery machine? Are you using it?
2. Are you not sure what to do with your embroidery machine?
3. Do you eat and sleep with your embroidery machine?

Have we got a project for you! On April 28th Hoop Sisters released their 2021 mystery quilt for pre-order. The actual mystery begins on Monday, May 17 and on each Monday for six weeks you will get another part of the mystery. Now with all mysteries you can make it as each design is released (that's the mystery part of it) or you can wait until all the designs are released and then start on it (if a mystery is not your thing).

This mystery could be described as a traditional quilt with applique. Cost is \$89 for download only or \$94 for download plus CD.

Finished size depends on Hoop size used:

5" Hoop - 34" square

6" Hoop - 39"

7" Hoop - 46.5"

8" Hoop - 53"

9" Hoop - 60"

However more blocks can be made than suggested to make a bigger quilt.

On Wednesday, May 5th at 1:00pm in person at Quilt Mercantile or on Zoom (let us know if you want this option), Pamela Hansen, a Hoop Sisters Certified Instructor, will hold an informational session that will introduce you to the Hoop Sisters 2021 Mystery Quilt. This session will not require that you have the Mystery Quilt pre-purchased. It is intended to let you know how the 2021 Mystery Quilt program works and answer your questions.

During this session we will discuss:

1. Fabric and Fabric Chart
2. Hoop sizes and completed quilt size options
3. Supplies needed to complete the 2021 Mystery Quilt.

Pamela will answer all your questions, except for one! She can't show you what the completed 2021 Mystery Quilt will look like!
