

Tucker University

Tucker University is an exciting, unique program for quilt shop owners and quilting instructors. It is a series of 44 courses over four years that focus on building piecing techniques and designing original blocks using the Studio 180 Design tools. Quilters of any level of experience will benefit from the construction process of each and every Studio 180 Design tool.

Most courses have been designed for a 3- to 4-hour class. Students can pick and choose which course(s) they would like to attend; although, we believe they will see the benefits to attending all of the courses. Students will gain skills in creating basic quilt block units without the obligation of having to create a full quilt top.

Tucker University is an autoship program that delivers a monthly course with the following resources:

Course Description

Supply List

Design Sheet

Student Black Line Masters

Detailed Lesson Plan

The one-time membership fee includes the Shop Owner's Guide with course descriptions for each course and a Teaching Packet for each course: Student supply list and Instructor's lesson plan. Tucker University Design Sheets are ordered separately. Studio 180 Design tools and technique sheets are to be ordered directly from Studio 180 Design at www.studio180design.net or your favorite distributor.
