

SUSAN IN THE PATCH

Hoop Sisters design CD Susan in the Patch and Susan Plus Quilt

You can choose to take just the class to make the pointy Susan block mug rug or to take both classes which will include the quilt as you go block

Choose your fabrics based on size of block (5" or 8") and what you will make. You will need background and backing fabric, sashing strips, corner blocks, 4 different shades of fabrics for flower and a piece for the center, and batting . **Please have your fabrics pre-cut before coming to class.** Class time is wasted if you aren't ready and besides often there just isn't enough space for everyone to be cutting at the same time.

Print out all instructions from your design CD and have design(s) loaded onto your machine ready for use

Embroidery machine with new needle and bobbin full with embroidery bobbin thread; if you want to make the interesting already quilted back, then you will need to think about color used in the bobbin too.

Embroidery threads

Double curved scissors for trimming

Wonder tape

Quilt basting spray such as 505
