

Ideas for the future

Hello,
Wow! These are crazy times right now, aren't they? Finding a way to navigate in this ever changing environment brings new challenges and ideas.

We at The Sewing Palace, wish you wellness during this healthcare crisis. We plan to do business as normal. We have made adjustments to our class schedule to reduce the number of students in classes and have been cleaning our little hearts out at the store. We are doing our part to maintain a healthy environment for our customers and staff. We wipe down and disinfect all surfaces, hand rails, doors, light switches, front counter, credit card machines- you get the idea!

As we get more information our goal is to maintain a healthy environment for our customers, staff and family. The heart of our business is being innovative and re-adjusting to new

times. We appreciate all the support you give us and want to extend a warm thanks.

We would love to see you in the shop, but understand if you are not up for coming in, so we have some options.
