"There's a Hole In My Bucket" is a song that has its origins in Germany in the 1700s. It is about a back and forth conversation between Henry and Liza. Henry needs to fix his leaking bucket and asks Liza for advice: "There's a hole in the bucket, dear Liza, dear Liza." She answers, "Then fix it, dear Henry, dear Henry, dear Henry." It is so much fun to think about our youth and the silly songs. Moving on to current times, we say there's a UFO in my project box, and our friends say, "Just sew it, just sew it."

Jill Finley has been designing quilt patterns for more than 20 years. Several years ago she launched her quilt business: Jillily Studio. She designs and sells quilt fabric, patterns, kits and notions. Her quilt designs depict her own fresh style using great color and texture with many fabrics. She usually adds a little appliqué to soften and finish each design. Her designs have been featured in several magazines including American Patchwork and Quilting, Quilt, Quilter's Home and McCall's Quilting. Jill is also the author of several books on quilting.

Jillily Studio produces the popular notions Appli-Glue and Poke-A-Dots along with numerous kits and patterns and Jill's new template series called Perfect Pieces. She is a Master Designer for Aurifil Threads, having several signature thread collections. Jill is an Ambassador for BERNINA sewing machines. Teaching and lecturing about her quilt designs and applique method keeps Jill very busy traveling all over the country and hosting retreats.

Creating fabric collections for quilting has been one of Jill's favorite projects. She designs for Penny Rose Fabrics, a Riley Blake company. Jill loves to spend time with her family working, playing, eating, reading, gardening, sewing, cooking and learning. She and her husband Randy live in Herriman, Utah. They are the parents of seven children and are blessed with 12 grandchildren.

In Jill's workshop, you will be learning how to do machine appliqué using her beautiful pattern "Every Blooming Thing." It is a wall hanging with a pieced watering can filled with appliquéd blooms that you will machine appliqué. She will also have kits available for purchase.

Class fee: $25 plus design & supplies
Teacher: Annette Rawlinson

I am always searching for pretty ways to keep my sewing room clean and organized. This cute caddy from My Fair Lady fits the bill! It can hold all the tools that are usually scattered on my cutting table. Oh yeah! Did I mention there are also pockets on the inside of the caddy? The round caddy is my favorite because it is the perfect size to fit on a 9" lazy susan, and I can give it a little spin to find my tools. All of the pieces are made in the hoop; then they are sewn together to make this cheerful caddy. I hope you enjoy it!
