Sunny Side Up

SEWING RETREAT 2018

FEBRUARY 15, 16 & 17

"Nothing can dim the light that shines from within." - Maya Angelou

We all have something special that is just ours to give. It can be a sweet smile, a special talent or a kind word. That special light is just waiting to get out, and it's up to us to keep it shining bright and radiating warmth to those around us. Our SunnySideUp! Spring Retreat is the perfect time for you to strengthen and share that sunshine that's inside of you. Come for a wonderful time with us while learning, growing, creating and cultivating new and old relationships. It might be so bright, we'll have to wear sunglasses!

Retreat cost is \$20 per class plus a \$10 signup fee, or you can do a full retreat for a \$120 (plus a signup fee of \$10) which includes lunch. Kits, designs or patterns are not included unless specified. Class cancellations are nonrefundable after Jan. 28.

THURSDAY, FEB. 15

9:30 a.m. to 12:30 p.m.

A Day At The Zoo - Part 1

Teacher: Louise Petersen

I am all for new techniques. Have you ever done Fringing or Tassels? This class is for you! Three-dimensional quilts are more eye-catching and impressive. This animal pattern can be done in many forms. Just do a few for a wall hanging or pillow or even a panel of a tote bag. Use your imagination and be creative. You could add it to an existing piece of clothing for a couture look. Adding texture will be a technique to enhance some of your projects. This pattern also incorporates applique using many different types of fabrics with nap. The pattern also has SVG files for cutting applique pieces on your Silhouette.

Fun with Fringe

Teacher: Rene Hall

There's something nostalgic about collecting wildflowers and bringing them home to arrange in a Mason jar -- which is why this collection will have you feeling completely sentimental. As the seasons change, so do the blossoms and stitching patterns to create fanciful dimension with fringe embroidery. Vinyl applique for the jar add to the uniqueness of the design.

Chic Kisses - Part 1

Teacher: Meredith Harris

Colorful Kisses galore, another contemporary quilt design. This is such a pretty quilt that uses all of the colors in the rainbow and the Quick Curved Ruler. This is great for fat eighth scraps, new colorful fabrics and matching solids and prints. The finished size is 92x92. Traditionally, this is a complex pattern, but SKW has simplified it, making it a really fun quilt to make.

THURSDAY, FEB. 15

2 to 5 p.m.

A Day At The Zoo - Part 2

Teacher: Louise Petersen

Watch the animals come to life in this zoo as we continue to work on putting this quilt together!

Chic Kisses - Part 2

Teacher: Meredith Harris

In this class we will continue to work on our quilt by putting together our blocks.

This Little Piggy Reading Pillow

Teacher: Annette Houston

Reading pillows are all the craze! For those who don't embroider, they can be quite expensive to buy. Luckily for you, we are having a class on these one-of-a-kind pillows! This is an 18-inch pillow that sits on your lap while reading. When you're done, use the attached bookmark to keep your reading spot and place the book in the pocket until reading time tomorrow. This is a free pattern and the designs are free. We will be making a free-standing bookmark, personalized character pocket and pillowcase with a zipper on the back. Make this one personal and you'll be ready to make many more.

THURSDAY, FEB. 15

5:30 p.m.

Red Rover, Red Rover, Let's Play at Clover's

Thursday night is one of our favorites! We go out to eat as friends and then we always have something fun planned for afterwards. This year, we will go out to dinner (on your own) and then head over to Clover Patch for a special night! If you haven't been in since the remodel, you're in for a surprise!! They are such a fun quilt shop, with great customer service. We are so excited for this opportunity to be able to go play at their shop and hope you will be too!

FRIDAY, FEB. 16

9:30 a.m. to 12:30 p.m.

Elegant Spring Floral Rings - Part 1

Teacher: Tracy Lovejoy

Nothing says spring like this beautiful spring floral Anita Goodesign Special Edition Collection. You will be amazed at the creative possibilities that this embroidery design collection offers you. You can choose from four different-sized blocks. Make a pillow, wall hanging or a beautiful heirloom quilt; it's so easy to do. Each of the individual quilt blocks is created entirely in your hoop! There is absolutely no piecing of fabric. The unique part of these blocks is that quilt batting is inserted into the design while it is being embroidered for an amazing dimensional effect.

Giddy Up

Teacher: Tracy Larsen

Join us in making this super cute hobby horse. This is great for a boy or a girl. Choose fun colors and make it your own.

Road Trip Case

Teacher: Toni Hall

We'll make a generous-sized tote bag with great features: a recessed zipper, large interior elasticized pockets, a front pocket and fun piping and pleat details! This project makes a great diaper or beach bag.

FRIDAY, FEB. 16

2 to 5 p.m.

Elegant Spring Floral Rings - Part 2

Teacher: Tracy Lovejoy

Now that some of your blocks are done, I will show you how it all comes together.

Tech-to-Go Caddies

Teacher: Tracy Larson

Need somewhere to keep all your cords and tech accessories? Come make this fun and easy caddy! It is the perfect place to keep your charging cords, USB sticks and batteries. Great for in your purse, back pack, computer bag and carry-on luggage. It is great for guys or gals, teens or kids.

Big Sky Quilt

Teacher: Annette Rawlinson

I love it when a traditional quilt block gets transformed with current fabric collections and it speaks to my heart. The Big Sky Quilt was inspired by a photo taken of a Nebraska farm. It was a small, unused barn in the middle of nowhere, but someone had decorated it with a little wooden quilt block. Learning how to use a Loc Bloc ruler to create this traditional quilt block will help bring this beauty into your home.

FRIDAY, FEB. 16

7 to 11 p.m.

Opensew/Movie Night

Teacher: BERNINA Staff

Class fee: \$15

Need more time to finish your projects or just want to keep sewing? Sign up for this class and sew, sew, sew. This event will be low key but very fun! We'll have movies, popcorn and, of course, treats! Bring any project to work on or keep working on your retreat projects.

SATURDAY, FEB 17

9:30 a.m. to 12:30 p.m.

Hopeful Hatchlings

Teacher: Paula Jordan

Spring is the time we see new life in most everything. Baby sheep, baby cows, baby chicks, baby leaves and flowers. It is the perfect time to make some fun, soft toys that will "hatch" from their very own egg! These darling "Hatchlings" have an egg with a zipper. When you open the zipper, there is a stuffed animal that can be taken out and played with. The pattern book even comes with a "nest" pattern. We will be making the chick and its egg. Come "hatch" a cute little bit of spring.

The Write Stuff

Teacher: Annette Rawlinson

These cool pencil cases are made in just three hoopings on your embroidery machine. The zipper is inserted in the hoop! This 7" case is perfect for school supplies, small toys and anything else you want to put in them. They are really fun to make! We will learn to make one pencil case, and then you will be ready to stitch out many more cases designed by My Fair Lady.

Rosette Pillow

Teacher: Miriam Rawson

You will learn how to stitch some beautiful rosettes onto a background to make a lovely 20" pillow. This is a process that you can easily use to make quilting blocks as well as create jacket embellishments and other décor. I will also teach you how to stitch a zipper into the back piece of the pillow for ease in inserting the pillow form. Fabric used on sample is Farmer's Daughter by Lella Boutique.

SATURDAY, FEB. 17

2 to 5 p.m.

Fruit Stand Hot Pads

Teacher: Paula Jordan

I love to wander in a fruit stand and look at all the wonderful fresh fruit I can use to make delicious food treats for my family. Making treats usually requires an oven, and using an oven usually requires a hot pad. These hot pads will make you feel like you are at the fruit stand when you use them or see them hanging in your kitchen. They are done with embroidery! The fruit is chenille (which means it is fuzzy). We will be doing the Strawberry in medium size. This is a new pattern from Kimberbell that is such fun to make. Make a few of these and you will be ready for when the fruit stand opens and you can make things with all that wonderful fruit and your hot pads!

Rock Candy Table Topper

Teacher: Toni Hall

The Rock Candy Table Topper features two shapes: diamonds and triangles. It is a fast and fun project with no Y seams!

SewWhatEver

Thursday Nights
6:00 - 9:00 p.m.
Class Fee: \$10

We are so, so excited about this upcoming year! Not only are we doing Opensew with a fun theme, but we have a fun new Block of the Month and a super duper awesome program starting in January. We hope you'll be a part of this awesome new year. Here's what we're doing:

Our theme is "PB&J," which stands for Projects in Boxes and Just get it done! So dig through your boxes that are hidden and stashed away, take a deep breath and dive in. Then bring them to SewWhatEver to work on while hanging with friends.

SEW DIVA PROGRAM

Calling all sewing enthusiasts! We know you are amazing at sewing, but are you ready to become a Sew Diva? Are you ready to show us what you're really made of? We think you are up to the task! For our SewWhatEver this year, we are going to give you the opportunity to become a Sew Diva. This program will allow you to earn the most adorable merit badges ever throughout the year! THE NEW SEWWHATEVER BLOCK OF THE MONTH

Come quickly! It's another mystery. There has been a quilting mishap at SewWhatEver and my quilt has been torn apart. I can't remember how it goes back together, so I really need your help. Once a month we will work on sewing my quilt back together row by row. Along the way we will be learning 27 different techniques starting with the easiest and progressing to the hardest. At the end of the year with lots of help, laughter and downright fun, we will all have our own quilt done.

ST. GEORGE

March 15: PB&J

As I was cleaning my sewing room, I found a quilt top in one of my containers that I had started clear back in 1998/1999. It's a fun, woodsie, flannel quilt that would just keep you oh so warm! My goal is to finish it this year. It's been way to long. I know what I'll be working on at the UFO! -Maudie

March 22: PB&J

On our second sewing cruise that we did, the wonderful ladies from Corn Wagon taught the Loves Me, Loves Me Knot Quilt by Penny Haren. It was the only three-day cruise we ever did. We found out that one day at sea to sew was not enough! We now do five or seven days. I love this quilt and can't wait to get it done! This one is my PB&J from 2009. - Maudie

March 29: BOM

Clue #3: Advice from a quilt: Make lasting memories, keep your friends in stitches, find common threads, know when to cut corners, and it's okay to be a little scrappy.

APRIL

April 5: PB&J/Sew Diva Merit Badge - Go Fabric!

Me: "Wow this house is amazing! I want to buy it! Where do I send the offer?" Clerk: "Ma'am, this is a fabric store."

April 12: PB&J/Sew Diva Merit Badge - Needle & Thread

"My soul is fed with needle and thread."

April 19: PB&J

Do you remember this quilt? It isn't super old but it's still from 2013 I believe. It was a BOM that we did here at Dave's. If you can guess the name of this quilt and be the first one to tell me, I'll have a little surprise for you!

MAY

May 3: PB&J/Sew Diva Merit Badge - Rotary Cutter

Measure twice and cut once!

May 10: PB&J/Sew Diva Merit Badge - Ruler

Give a quilter an inch and she'll think she's a ruler!

May 17: PB&J

When we first opened the store in St. George in 2009, embroidery wasn't big down here, so I decided to teach an advent calendar with pockets that had different techniques. I wanted to show how you can mix applique, embroidery, quilting, embellishing and so forth all together. (Embroidery has come a long way since then!) I did teach the class, but I never finished putting it together! My tree top was the only thing I had finished. It's on my "to do" list this year. Do you have any projects like that? - Maudie

May 24: PB&J

Oh, I've got one for you! Remember the "Be Attitudes" By Nancy Halverson? I know some of you just finished it this past year and that's why it's been on my mind. We offered this as a BOM back in 2007 when it came out and I took the class (I hadn't started working for Dave's yet). I got most of my blocks done but never finished. Life got crazy busy around that time. This one ... I just need to dive right in and get 'er done! Have you had any quilts that you keep setting aside over and over? Well now is the time for you to find them and dive right in and get 'er done! We will be there to cheer you on and help you along the way. - Maudie

It incorporates the popularity of written sentiments that focus on family, home and healthy living, creating limitless fresh possibilities for bringing the farmhouse style to your home.

This class will have piecing instructions for the different blocks and many quilting tips. When you finish this quilt, it will create a very cozy feel in your home. “Home Grown” is a lovely, farm style collection by Deb Strain for Moda Fabrics.

Trunk Show

We’re so excited to tell you that Doohikey Designs has sent a trunk full of goodies to show you all! Here’s a little bit about her.

Since childhood, Shari Butler has

always been involved with the arts and crafts, following in the footsteps of her mother. Whether it’s tickling the ivory keyboard, singing a song or doodling on a piece of paper, she always has something brewing in her creative mind and spirit.

Shari’s beautiful work is populated with vintage-like characters and whimsical designs that are inspired from her childhood. With the opportunities of freelancing with some national companies, she was inspired to follow her own dream and to search for her own creative niche.

Shari fell in love with quilting, sewing and the idea of fabric. She loves and is inspired by the idea that someday, when someone makes a quilt with her designs, it will be passed down from generation to generation. When she found Riley Blake Designs, she found her passion and dream job in designing fabric. She has some surprises up her sleeve.

Her style is vintage with a modern twist in her surface designs. She is always exploring the arts and how to increase her skill set through all different types of media. She is always seeking new endeavors to expound her artwork into other markets. As a surface designer, she’s always in the creative mode.

Shari lives in Utah with her husband Dan and their two puppies Reeses and Benji. Her clients include Sweet Bee Designs, Riley Blake Designs, Mini Lou Designs, Aurifil Thread and Digisplayground.
